

ST OF POWER WORRIES
MUCKRAKERS IN SENATE
Witnesses May Halt
Ory of Investigations; Two
Houses Near Break
BY ROBERT BARRY
(EXCLUSIVE DISPATCH)
(Copyright, 1924, Public Ledger.)
WASHINGTON, March 24.—The future of the Congressional investigation of the Daugherty administration is at stake in Harry F. Sinclair's defiance of the Senate committee. Mal Daugherty, brother of Attorney-General, has refused to permit examination of his bank in Ohio by representatives of the Daugherty committee. O. C. Chase, Albert B. Fall's son-in-law, refuses to testify.

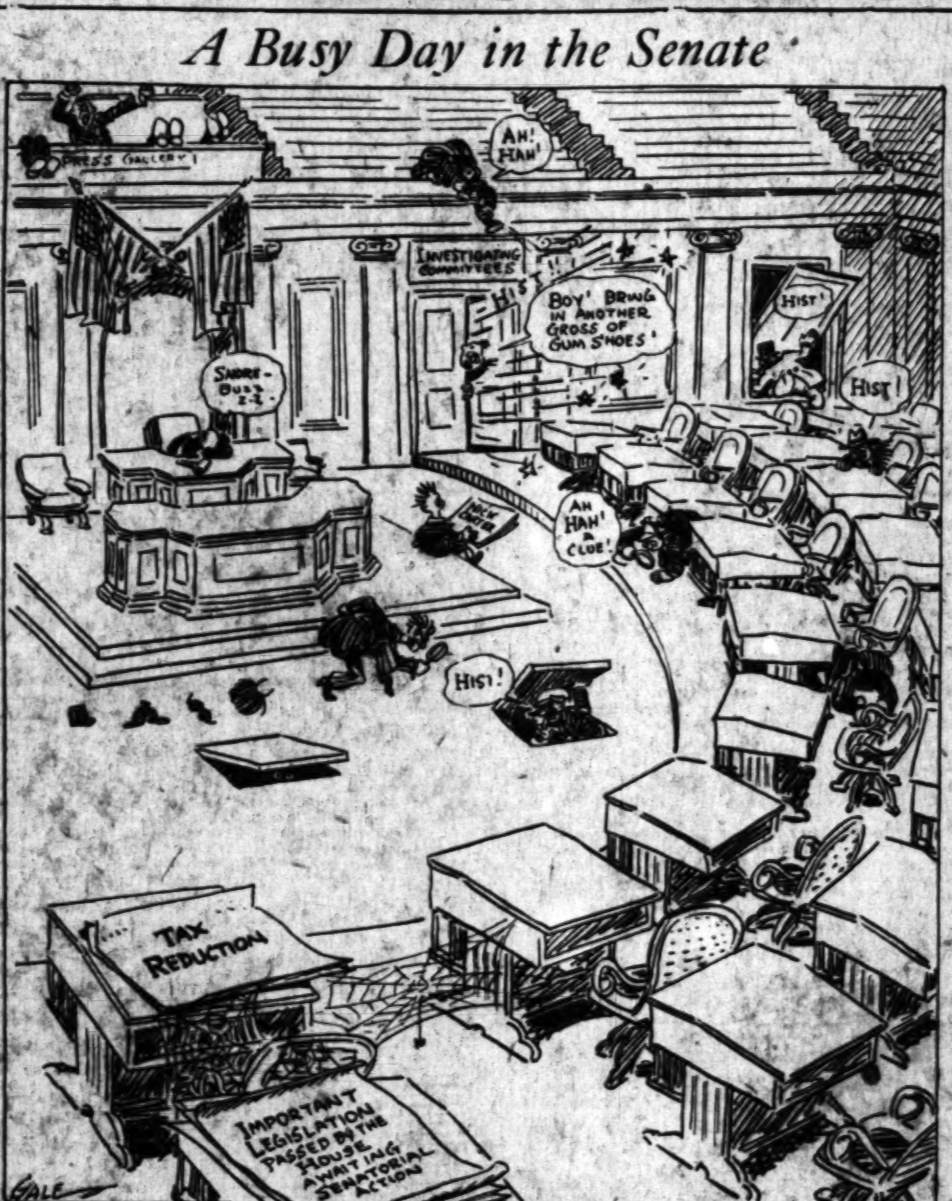

SINCLAIR'S CASE CITED
Senate Demands Prosecution
Refusal to Testify Basis of Contempt Charge Given to District Attorney
Fall Son-in-Law Also Defies Oil Committee, Pleading Immunity Rights
(BY A. P. NIGHT WIRE)
WASHINGTON, March 24.—Harry F. Sinclair, former oilman, was cited today by the Senate committee on the Daugherty administration for contempt of court because of his refusal to answer any further questions put by the oil investigators. At the same time, another witness, C. C. Chase, customs collector at El Paso and son-in-law of Albert B. Fall, also refused to testify before the committee, taking the position that his answers might tend to incriminate him. Special government counsel in the case returned to Washington from the West, conferred with President Coolidge and announced that he would present criminal charges to a grand jury here about April 10.

HEAD WIFE'S MATE STILL IS MISSING
Letter from Porterville Rancher Tells of Over Quarrel

DAY'S NEWS SUMMED UP
The death of Arthur J. Roberts, a prominent Los Angeles business man, was announced today. He died of a heart attack while on a trip to the coast. The cause of death was attributed to overwork and stress. The funeral will be held tomorrow.

Coroner Jury Finds Robert Death Accident
The coroner's jury today found the death of Arthur J. Roberts to be an accidental death. The jury heard testimony from witnesses who were present at the time of his death. The verdict was reached after a thorough investigation.

Beauty Expert Sees Baldness Due to Bobbing
NEW YORK, March 23.—Bobbed hair is a sure means for coming baldness and it will not be many years before the world is filled with baldheaded women, Joseph Byrne, editor of a beauty magazine, said in addressing the annual convention of the American Master Hairdressers Association today. He said that in order to conform to present-day hair styles, women have been ordered to make their hair shorter and shorter, and that this is the cause of baldness.

CLOSE RACE PREDICTED IN DAKOTA
Publisher Seeks Democratic Nomination for the Presidency, Say McAdoo Leaders
(EXCLUSIVE DISPATCH)
CHICAGO, March 24.—William R. Hearst will be an active candidate for the Democratic nomination for President, according to apparently authoritative sources here. It is said that formal announcement of his candidacy, originally planned for a later date, is to be made soon.

TELLS HONDURAN SITUATION
Delayed and Censored News Dispatch Finally Sent by Navy Radio; Says Rebels Winning
(BY A. P. NIGHT WIRE)
WASHINGTON, March 24.—The following dispatch from Tegucigalpa, prepared by the Associated Press correspondent there and certified by Commander Causey, in charge of the naval landing force, to be an "authentic report" was suppressed by the Honduran authorities and later transmitted to the Navy Department by radio from the cruiser Milwaukee at Amapala:

BOAT IN DISTRESS
OFF JERSEY COAST
(BY A. P. NIGHT WIRE)
NORFOLK (Va.) March 24.—The schooner Florence B. Phillips, commanded by Capt. William, and with a crew of seven men, was reported today in distress off the New Jersey Coast.

UMANIANS UP IN ARMS
Mussolini Insults Queen Marie
Italian Premier Sends Word to Keep Royal Family at Home or Pay Debts
Proposed Visit Intended to Strengthen Relations With Rome is Called Off
BY RAYMOND FENDRICK
(EXCLUSIVE DISPATCH)
BUCHAREST, March 21.—(By Courier to Vienna to Escape Rumanian Censorship, March 24.)—Premier Mussolini has openly insulted Queen Marie of Rumania, the charming mother-in-law of the Balkans. He has flatly notified the Rumanian government to postpone sine die the formal visit of Queen Marie and King Ferdinand to Rome in April, which already had been accepted by the Italian government, unless the Rumanian government gives some satisfaction to private Italian creditors who are owed 80,000,000 gold lire (\$16,000,000) for textiles and food.

MELLON RATES APPROVED BY SENATE COMMITTEE
Treasury Income Tax Schedule Is Incorporated in Revenue Bill by Vote of 8 to 7
(BY A. P. NIGHT WIRE)
WASHINGTON, March 24.—The Mellon income-tax rate schedule was voted into the revenue bill tonight by the Senate Finance Committee in place of the Longworth compromise adopted by the House. This schedule, the center of controversy in the tax bill, was adopted by a vote of 8 to 7.

POINCARÉ IN NEW ROLE
Hopes to Save Europe
Expects to Solve Reparations Problem by Series of Conferences
First With British Premier, Last With America, Germany, Neutrals
BY HENRY WALES
(BY CABLE AND ASSOCIATED PRESS)
PARIS, March 24.—Premier Poincaré plans a great series of international conferences in the next six months in a desperate effort to save Europe by a final settlement of the reparation question, French security and other menacing problems, was learned from an authoritative source today.

ACTION IS MYSTERY
The action of Premier Mussolini is made even more mysterious because Queen Marie not only was to discuss the marriage, but also and more confidentially, relations between the two countries. Queen Marie was not informed of the Italian note, which obviously meant the collapse of all her plans, until her arrival in Bucharest on the night of March 12. She did not expect that the Italian royal family intended to strengthen the relations between the two countries, would be associated with the marriage of her son, Prince Nicholas, to the daughter of the King of the Belgians, as she had been told.

THREE BIG CONCLUSIONS
Then will follow (Premier Poincaré hopes) at least three big conclusions, outstanding in scale former Premier Lloyd George's famous "traveling circus" of conferences. The first of these meetings is scheduled for the last week of March, and will be held in London. The second will be in Paris, and the third in Brussels. These conferences are planned to settle the reparation question and to bring about a general settlement of the European situation.

AMERICANS NOW CARDINALS
Archbishops Mundelein and Hayes are Elevated to Purple at Secret Consistory
(BY CABLE AND ASSOCIATED PRESS)
ROME, March 24.—The elevation of Archbishop Hayes of New York and Archbishop Mundelein of Chicago to cardinals of the Roman Catholic faith, took place this morning, the moment of the delivery of the sacred Bignelli by special emissaries from Pope Pius after a secret consistory, in which these two American prelates were formally raised to the purple of the cardinalate.

Yosemite Motor Travel Checked by Fall of Snow
(BY A. P. NIGHT WIRE)
YOSEMITE, March 24.—A snowfall averaging thirty inches has temporarily checked the road, has temporarily checked the usually heavy motor traffic into the Yosemite Valley. A warning was sent out to all motorists today to await further word on snowfall conditions before starting any trips to this point.

BOAT IN DISTRESS

SECRETARY WILBUR ON JOB

New Naval Head Calls on President, Then Holds Consultation at Department Offices

WASHINGTON, March 24.—Curtis D. Wilbur, President Coolidge's first Cabinet appointee, today took hold of his work as Secretary of the Navy for which he left his position as chief justice of the California Supreme Court.

He began his day by calling upon the President, had his picture taken with the Cabinet and the President, then went to the department, where he met the heads of the various bureaus and discussed pressing business before the department.

"I may be called a 'rather big navy man,'" said Secretary Wilbur. "However, I am not ready to announce any definite policies yet. While on the bench I have been in the habit of hearing the evidence and the arguments before deciding, and that is what I intend to do now. I understand the department is well organized and my chief job now is to get myself into the groove."

Cue Champion's ex-Wife Seeks Two Children

NEW YORK, March 24.—A legal battle to clear her name and win the custody of her two children will be begun tomorrow by Mrs. Alice B. Hoppe, divorced wife of the billiard champion, Willie Hoppe, according to an announcement by her attorney, Benjamin F. Schreiber.

The opening gun will take the form of an action before Supreme Justice Pitelack to oppose the motion of Hoppe for the possession of the children, Alice, 12 years of age, and William, 5. Mrs. Hoppe wants custody of both children.

After the recent granting of a divorce to Hoppe, which Mrs. Hoppe is seeking to have set aside in the Appellate Division of the Supreme Court, they agreed each would keep one of the children and exchange them periodically. This agreement, however, has proven unsatisfactory to both, it was said, hence the fight for full custody of both children.

BLOOD TRANSFUSION SAVES DAY-OLD BABY

METHOD USED FOR FIRST TIME ON TINY INFANT WITH SUCCESS

LONG ISLAND (N. Y.) March 24.—Blood flowing directly from the arteries of a father into the veins of his day-old child saved the baby's life Saturday night at the Long Island College hospital. The child was suffering from a hemorrhage disease which, before blood transfusion, was known as "scorbutic disease." Immersions in hot and cold water to stimulate breathing were tried without success.

The baby's father, whose name was withheld by hospital authorities, volunteered his blood. The direct method of transfusion had never been used before on such a tiny baby, it was said.

Four hours afterward the child had improved remarkably and last night was doing as well as any normal infant.

JURY BLAMES DRIVER

Finds Car in Which Boy Was Killed Was Going Too Fast

SANTA ANA, March 24.—Will Seltzer, 14-year-old son of Mr. and Mrs. W. H. Seltzer, Huntington Beach, came to his death as the result of an automobile accident north of Garden Grove, this county, Friday night when the driver of the car in which he was riding with eight other Huntington Beach High School students, lost control of the car while driving at an excessive rate of speed.

That verdict was returned today by the coroner's jury at Huntington Beach which investigated the accident. F. G. Swann acted as foreman of the jury.

In a statement on the witness stand the father of the dead boy said he blamed no one for the fatal accident and held no malice. Kenneth Ward, driver of the car, and Stanley Cook, one of the party, also testified.

With the entire student body of the Huntington Beach High School attending, the funeral of young Seltzer was held this afternoon. He was buried in Fairhaven Cemetery, Santa Ana.

FLOWER SHOW PLANS

OWENSMOUTH, March 24.—Plans are being matured for Owen's first annual flower show and summer festival, to be held at the high school building on May dates not yet finally determined. Prizes are to be awarded for the best exhibits. Many have signified an intention to raise flowers to enter the contests and local committees promise an attractive program that will draw visitors from miles around. Realty men and civic organizations pledge co-operation in making a success of the affair and making it an annual event.

TO TRADE WITH RUSSIA

JERUSALEM, March 24.—The Anglo-Russian Co-operative Society of Arcos has opened a branch at Tel-Aviv. This branch will export oranges and oil to Russia, and will import timber, cement, petrol, kerosene, benzine, wheat, potatoes and spirits.

PUSH STATION FIGHT

OMAHA, March 24.—The campaign for a union station in Omaha will move forward rapidly under the direction of George Brandels as head of a committee of forty business men named by Chairman John L. Kennedy of the executive committee of the Chamber of Commerce.

WRIT FOR R. W. BARTON

VAN NUYS, March 24.—Funeral services were conducted today for the late Robert W. Barton, of the legal department of the West Van Nuys syndicate. The deceased, who was 75 years of age, had been ill several months. He was a native of Ohio and the father of Dr. Harold Barton of this place.

TRIO HELD IN SLAYING OF DR. WILKINS

Janitor, Admirer, Brother Charged With Murder in First Degree

KANSAS CITY (Mo.) March 24.—A joint charge of first-degree murder was filed late today against B. F. Tarpley, Dillard Davies, negro, and Charles C. Wilkins, in connection with the slaying here of Dr. Zos Wilkins, osteopath.

The three were remanded to jail without bond and will be held for preliminary trial Saturday.

James Anderson, assistant prosecutor, declared Tarpley's failure to make certain explanations at the coroner's hearing, and discrepancies in the negro's statements concerning his movements on the night of the murder are believed to have been committed, prompted him to recommend the charges against those two men.

Davies was employed by Dr. Wilkins as a janitor.

Tarpley, a railroad yardmaster, was a frequent visitor at the Wilkins home.

Wilkins is a brother of the murdered woman.

That Dr. Wilkins met her death in her home some time between March 15 and March 18, as a result of knife wounds made with murderous intent, was the finding of the coroner's jury late today.

Aviation Base at Sand Point Is Sanctioned

WASHINGTON, March 20.—The House Naval Committee today approved plans of the Navy to establish an aviation base at Sand Point, Wash.

The committee also sanctioned proposals for purchase at a cost of \$230,000 of a site for a naval supply depot in South Brooklyn, N. Y., and for acquisition of a tract on Puget Sound, Wash., to be used for a rifle range.

LEAVES TO PREPARE FOR WORLD FLYERS

MANILA, March 24.—Lieut. Harry M. Halverson is leaving tomorrow for a visit to the following points for the purpose of making preliminary arrangements for the reception of the United States Army flyers now making a world flight: Bangkok, Akyah, Burma; Calcutta, Allahabad, Delhi, Multan and Karachi, India; Chahbar, Bandar Abbas and Bushire, Persia; Baghdad, Iraq, Aleppo, Syria, and Konia and San Stefano, Turkey.

Worth, Famous Dressmaker, to Court Politics

PARIS, March 24.—Jacques Worth, famous Parisian dressmaker, whose creations are coveted by American women of fashion, has announced his candidacy for a seat in the Chamber of Deputies in the coming elections. His supporters declare M. Worth's genius can be applied to politics, where it is badly needed.

ABSOLVES HUSBAND

WOMAN SHOT IN TOURIST CAMP SAYS SHE PULLED TRIGGER

HOLTVILLE, March 24.—Contrary to first reports of the shooting of Mrs. Pearl Pearson in an auto tourist camp here last week that indicated she had been shot by her husband, Walter M. Pearson, the woman who is recovering slowly from her wound, asserts that it was all an accident.

Campers were awakened by sounds of a quarrel, followed by a shot and the exclamation from Pearson that he had shot his wife. This he later denied, declaring it an accident. The bullet entered the woman's chest and ranged through the liver and it was at first believed she would die. Now physicians assert she may fully recover.

Mrs. Pearson said she pulled the trigger of the revolver that shot her. The couple came here several weeks ago from Wichita, Kan. Pearson is held at the County Jail pending the outcome of his wife's injury.

THE BIRKEL COMPANY

The Famous Weber

THE first Weber pianoforte, built in 1852 possessed a distinctive quality which no pianos had hitherto shown. The sympathetic richness, the rare, mellow singing voice that has since become synonymous with the name Weber has placed it in an enviable position among the fine pianos of the world. During these 71 years it has won the appreciation of great pianists and artists; distinguished honors at three great expositions; royal appointments at the Courts of Europe and the endorsement of a discriminating musical public.

The Weber is the product of the great Aeolian Company and is sold exclusively by the Birkel Co.

... 3 out of 4 Stores get the Business

What's Wrong with the fourth Store?

YOU know the store—that forlorn place where an occasional customer drifts in and after a casual purchase leaves promptly. He has no desire to stay. Nothing tempts him to remain.

But other stores carry the same merchandise. And they are busy. Customers seem attracted to these stores. One purchase leads to another. Customers linger—enchanted by the merchandise shown.

What makes the difference?

DISPLAY!

Three out of every four stores in Los Angeles—and the entire Southwest—use Weber Store Display Fixtures and Showcases. These stores attract trade by their appearance. Even the same old merchandise looks different when properly displayed. And the exclusive Diamond Patent construction of Weber Showcases permits an uninterrupted view of the goods displayed. The unobtrusive elegance of Weber Showcase construction enhances the beauty—and actually increases the value!—of merchandise displayed in them.

Some merchants can't see the value of good-looking store arrangement and sales-creating display. They run the "fourth stores"—the kind you instinctively shun.

QUIZ ON TEXAS LANDS OPENED

Latest Senate Inquiry Off to Flying Start

Volumes of Correspondence Are Examined

Mention of Daugherty and Other Officials

(BY A. P. NIGHT WIRE)

WASHINGTON, March 24.—Disregarding party lines, the House tonight adopted a resolution to appropriate \$10,000,000 for the purchase of food supplies for destitute women and children in Germany. Sent to the Senate by a vote of 249 to 97, the measure stipulates that the foodstuffs are to be bought in the United States and transported to Germany in Shipping Board vessels.

Three hours were devoted to debate after which a score of amendments were offered. Only one, by Representative Jones, Democrat, Texas, which provided that the supplies should be purchased where possible through farmers' organizations, was adopted, 165 to 88.

CHARGES BEATEN
An amendment by Representative Fitzgerald, Republican, Ohio, would have sought to prevent expenditure of any of the appropriations until a soldier bonus bill is enacted into law. It was thrown out on a point of order while an amendment by Representative Underhill, Republican, Massachusetts, to withhold the appropriation until the German government spends an equal amount for the same purpose was rejected 108 to 84.

Representative Fish, Republican, New York, author of the resolution, and a former service man, said he had no objection to the law of the land adoption, while Representative Connolly, Democrat, Texas, directed the attack against the measure.

Representative Burton, Republican, Ohio, declared the resolution to be constitutional while an opposite view was taken by Representative Tucker, Democrat, Virginia. The Ohio member said it afforded an opportunity for "charity" and needed legislation. Mr. Tucker insisted it would tend to consolidate the German vote, but would mean nothing as a relief measure because but 2 1-2 cents.

CHARGES PREJUDICE
Mr. Creager charged that J. M. Donaldson, the inspector who started the latter inquiry, was prejudiced, and on his complaint, Chief Postmaster General Rush D. Simmons placed O. P. Williamson of Philadelphia, on the case, instructing him to handle it directly with Washington. Mr. Simmons was the only witness before the committee today.

Among those mentioned in the correspondence laid before the committee were Atty.-Gen. Daugherty, former Postmaster General Hays, Senator Barren of New Mexico, State Senator David H. Proctor of Missouri, Dist.-Atty. C. C. Madison of Kansas City and S. P. Zimbrun, chairman for Senator Mayfield, Democrat, Texas, in the election contest now pending.

Beginning in October, 1921, soon after Mr. Creager and other land company officials had called at the Postoffice Department to ask, according to Mr. Simmons, that no action be taken until the new inspector had completed his investigation, the correspondence covered a period of some four months.

DAUGHERTY CONNECTION
Atty.-Gen. Daugherty's first recorded connection was on January 18, 1922, when his confidential assistant, W. F. Martin, wired to Dist.-Atty. Madison that "my understanding was department would not object to continuance of Stewart case; advise me if anything occurred to change status."

Madison replied the case had been set for February 5 and later wrote to the Attorney General direct, calling attention to the "conditions attending this case," among which he cited a "hot attack" in the Kansas City Star declaring the case had been brought with "ministerial political influence from the start. The article said W. E. Stewart, president of the land company, had been secured a continuation and a review of the entire case."

State Hearings on Motor Taxes Will be Opened
SACRAMENTO, March 24.—Hearings on the State Motor Transportation License Act are to be conducted by the State Board of Equalization in various parts of the State for the purpose of ferreting out delinquent operators. M. D. Lack, secretary of the board, announced today the first hearing will be conducted in Los Angeles next Wednesday. It will be conducted by Richard Collins, chairman of the board, and H. G. Cattell, a member, said that operators of motor transportation lines that have not paid the license are subject to a penalty.

REHEARING ORDERED ON TRAIN CONTROL
SMALLER RAILROADS TO BE GRANTED CHANCE TO TELL STAND

WASHINGTON, March 24.—A rehearing was ordered today by the Interstate Commerce Commission on its order requiring forty-two Class 1 railroads to begin installation before 1925 of automatic train control devices. The forty-two railroads given the rehearing were those named in the commission's last order, issued January 14, last. They are the smaller of the Class 1 railroads. The larger roads previously ordered to install the train stop devices on one or more divisions were not named in the rehearing notice.

PICNICKERS HELD AS BLUE-LAW VIOLATORS
(BY A. P. NIGHT WIRE)
JERSEY CITY (N. J.) March 24.—Picnickers in the City Park, a woman who bought a dozen eggs, several men who bought cigarettes and one who had his shoes shined were among 8000 arrested yesterday for violating blue laws which were listed by the police yesterday. The county grand jury already has considered a list of 10,000 violators.

March 24.—Picnickers in the City Park, a woman who bought a dozen eggs, several men who bought cigarettes and one who had his shoes shined were among 8000 arrested yesterday for violating blue laws which were listed by the police yesterday. The county grand jury already has considered a list of 10,000 violators.

PICNICKERS HELD AS BLUE-LAW VIOLATORS
(BY A. P. NIGHT WIRE)
JERSEY CITY (N. J.) March 24.—Picnickers in the City Park, a woman who bought a dozen eggs, several men who bought cigarettes and one who had his shoes shined were among 8000 arrested yesterday for violating blue laws which were listed by the police yesterday. The county grand jury already has considered a list of 10,000 violators.

BROTHERS BATTLING FOR CASH

Half-Million Dollars Left to German City is Wanted by Man's Relatives

(BY CARL ECKHARDT DISPATCH)

HONOLULU, March 24.—E. W. Walters, wealthy resident of Hawaii who died at his home here Dec. 15, 1918, bequeathed \$500,000 to the city of Bremen, Germany. His two brothers, Carl Walters of San Francisco, and Hermann Walters, who is connected with a sugar plantation on the island of Kauai, of the Hawaiian group, did not take kindly to this donation, and contested the will.

One-half million dollars gold in this time of financial stress in Germany is equivalent to more marks than one would undertake to count, so, naturally, the authorities of Bremen were overjoyed when news reached them of the unexpected windfall from one of their nationals in far-away Hawaii. Legal machinery in such cases moves slowly, and it was not until recently that an array of lawyers were employed to represent the German city in the contest. The disaffected brothers obtained the services of six of the leading members of the bar in Honolulu to represent their claim.

The first legal round in the battle took place before Judge Frank Andrade in the First Division of the Circuit Court here. Attorneys for the city of Bremen moved that an order for probate of the will be issued. The motion was opposed by attorneys for the contestants. Judge Andrade granted the motion and admitted the will to probate.

YEAR GRASSHOPPER PLAGUE

(EXCLUSIVE DISPATCH)
SAN ANTONIO (Tex.) March 24.—A grasshopper plague threatens West Texas during the summer, according to old-time bugologists and farmers, who state that five grasshoppers by the acre are found all over Southwest Texas now, due to the light winter. Farmers have been warned to destroy the first crop of the insects as they develop. Grasshoppers destroyed thousands of acres of crops in Southwest Texas last year.

STANFORD NOSES OUT U.S.C. NINE
Thomas's Wildness is Big Factor in 6-to-5 Defeat of Trojans

(EXCLUSIVE DISPATCH)
STANFORD UNIVERSITY, March 24.—Stanford University defeated the University of Southern California Trojans today by a score of 6 to 5. The wildness of Thomas, the Trojan hurler, was largely responsible for the defeat of the visitors.

Stanford scored four runs in the second. The Trojans evened the score four all in the fourth and fifth innings but the Cards tallied in the sixth as did the enemy. In the eighth inning, Stanford put over the winning run. Cuddihy, singled, Johnston walked and McCandless was hit by the pitcher, filling the bases. Lawson rapped to second and Cuddihy scored on the play to first. The score:

Stanford	6	5	2
U. S. C.	5	5	3

Batteries: Solomon, Oviatt, Lawson; Thomas and Telles.

Holland Medalist in Southern California Professional Golf Tournament

Capt. Carleton Burke and his Midwick Country Club players meet the strong Riverside riders at Coronado this afternoon for the Pacific Coast trophy. The above photo shows the Midwick team in a recent practice match on the southern field. Riverside is considerably stronger than when the locals won a two-match series over a month ago.

HUTT MARTIN IS ELIMINATED

Loses to Fraser 3 and 1 in Tourney at Brentwood
Mel Smith and Ed Gayer Also Defeated

Holland Has Medal Score of 71 for Low Gross

BY CHARLES WEST
Southern California's hard-working pros did two days' work in one yesterday at the Brentwood Country Club, playing the qualifying round and first round of match play in the tournament for the sectional professional golf title between sun-up and dark. In the morning half of the day's labor Elmer Holland of Hillcrest carried off the honors, his medal score of 71 winning the low gross purse by one stroke from Ernest Martin of Montecito. Vic Dalbey had a 73, while Harry Fressler and Hutt Martin each turned in cards of 74.

After lunch the pros started on a second trip around Brentwood's tricky course, paired for the first round of match play. Chick Fraser and Hutt Martin were opponents in the feature match, the Midwick star eliminating his talented opponent 3 and 1 after an interesting battle. At the turn the players were all square, Martin taking the lead at the eleventh hole only to have Chick even things up at the twelfth, win the thirteenth and fourteenth, and take the match with a perfectly played par on the seventeenth.

GREB STOPS HEISER IN TWELFTH ROUND
BALTIMORE (Md.) March 24.—Harry Greb of Pittsburgh, middleweight titleholder, scored a technical knockout over Pay Heiser of Cumberland, Md., in the twelfth round of their scheduled fifteen-round bout here tonight. Greb was outclassed and took a bad beating in every round.

The bout was stopped by the referee after Greb had been floored heavily with a left hook to the jaw for a count of two and was helpless with Greb pummeling him unmercifully in a neutral corner.

OBSERVATIONS

BY THE INNOCENT BYSTANDER, W.M.H.

There has been more baseball activity in Southern California this spring than ever before, and this situation promises to continue in years to come. For one thing, Southern California weather has been so much better than that in any of the other southern states where they play that it is certain to attract the favorable attention of the managers of the big league clubs. And then, again, the attendance at the early spring practice games has been such as to make managers think twice when counting over the money. Making money on spring exhibition games is not the usual thing.

Championship Polo Match Is Set for Today

(EXCLUSIVE DISPATCH)
SAN DIEGO, March 24.—With both teams in the pink of condition the Midwick and Riverside poloists will clash here tomorrow afternoon for the Pacific Coast championship, the senior trophy going to the winner.

It was almost two months ago that the Midwick squad trimmed the Riverside riders in two games, but since that time the Mission City players have been strengthened by the arrival of Fred Prince from the East. They have also acquired the services of Lafayette Hughes, who started the tournament as a member of the Denver four.

BURMAN TAKES ON GRIFFIN

Little Fellows Hold Down Bright Spot on Boxing Card at Vernon Arena Tonight

Joe Burman, Chicago bantamweight star, and Dick Griffith, Fort Worth 115-pounder, will step into Jack Doyle's Vernon arena for the main event tonight in the provincial "pink of condition," according to reports from the camps of both boxers. Both completed training yesterday afternoon and, while neither is making weight for the mill, it is stated that both will be under the bantamweight limit.

Rickenbacker 6
CAR WORTHY OF ITS NAME

Built and sponsored by men of the highest ideals and incorporating in its design more worth-while, practical, down-to-the-minute features than can be found in any other car, the Rickenbacker 6 RECOGNIZES NO COMPETITION and it truly awakens the keenest desire of possession.

One-third down and the balance in eighteen equal monthly payments, and the further fact that the car is completely equipped—including front and rear bumpers, automatic windshield wiper, transmission lock, windshield side power, motorometer, extra tire and cover, state license fee—all for the advertised price delivered here in Los Angeles, makes it easier for you to own a Rickenbacker.

NAME BOESEKE FOR POLO TEAM
BERKELEY (Cal.) March 24.—The American team in the Olympic polo championships named tonight by the Olympic committee include Thomas Hitchcock of New York, captain; Elmer J. Boeseke of California, Frederick Ros of Texas, and Rodman Wanamaker of Philadelphia, with George G. Moore of San Francisco, as substitute.

GUTHRIE SIGNED AS "UMP"
William J. Guthrie of Chicago, better known to baseball as Bill, has been added to the umpiring staff of the Pacific Coast League for the playing season of 1924. This is the ninth man signed by President Williams for the coming season. Whether he will carry that many is a question yet to be determined. The task of building

TENNIS CHAMPION OF CHINA OFF FOR PARIS
SAN FRANCISCO, March 24.—W. Lock Wei of Shanghai, national tennis champion of China, will leave here tomorrow for the East on his way to Paris to participate in the Olympic Games. He arrived in China Friday.

Wei also will be a member of China's Davis Cup team, and he will return to the United States to compete for China against Australia in the first round of the Davis Cup play. The Chinese net star appeared on the courts here today paired with Clarence J. Griffin in a doubles match. He has a sliced top drive and depends more on placements than on speed to win his points.

JOE LYNCH SIGNED FOR WALGAST BOUT
NEW YORK, March 24.—Joe Lynch, who lost his world's bantamweight title to Abe Goldstein at Madison Square Gardens last Friday night, has been signed for a ten-round match with Bobby Wolgast of Philadelphia at Toledo, O., next Monday, Eddie Mead, Lynch's manager, announced today.

VITE IS SOLD
Vernon Chamberlain has added the racing sloop Vite to his possessions. The boat was purchased from Owen Churchill, sportsman and member of the California Yacht Club.

MICKEY OFFERS HIS OWN BLOOD
NEW YORK, March 24.—Told that only a blood transfusion would prevent the death of his manager, hospital, Mickey Walker, world's welterweight boxing champion, canceled his bout with Johnny Gili at Philadelphia tonight, hurried to Newark and offered his blood for the operation.

EXTENDED MATCH
Gwynne Bowen, Chick's valued assistant at Midwick, battled back and forth for nineteen holes with Grant Halstead, San Gabriel pro; eventually winning out on the extra hole when Halsted sliced his first drive out of bounds. Mel Smith, from whom much was expected in the tournament, disappointed the fans by being eliminated from the contest.

Golf

AS CHAMPIONS PLAY IT

SELECTING A MASHIE

PAY ATTENTION TO THE LAY.

RIGHT WRONG

HEEL OF CLUB SHOULD TOUCH GROUND—POINT CLEAR OF GROUND. IT SHOULD NOT LIE FLAT.

DO NOT SELECT CLUB WITH TOO MUCH LOFT OR YOU WILL FORCE STRIKE FOR DISTANCE.

What points should a player consider in selecting a mashie that will suit his style of play?

Answered by JOHN BLACK

"The Carpenter of Troon," whose great gentleness and mastery of golf make him feared at all tournaments. Particularly competent on approach shots.

In selecting a mashie the player should pay particular attention to the lay of the club. The mashie should rest on the heel and have the point of the club clear of the ground. If you select a mashie that is too flat and which rests on the point when you make the stroke, the point will catch the ground, the club will turn in your hands, and the ball will go off to the right. Care should be taken in regard to the loft. Do not select a mashie with too much loft, or you will be forcing the stroke to get the distance. The shaft should be stiff and not too thick so that you can feel the head of the club. The weight of the club should be about thirteen ounces.

L.A.A.C. TO GIVE BOUTS ON APRIL 3

The Los Angeles Athletic Club is to be the stamping ground for an all-star boxing show to be held at the club gymnasium April 3.

George Blake boxing instructor and referee of note is gathering together the material. All the best men of the club will be put into action, and with Blake rustling up some choice material to send against them the program will insure plenty of action.

There were several excellent reasons for this move. In the first place, New Zealand, the exception of A. F. Wilding, never developed a great player. Lack of competition was the primary cause. Most of the policies were set by the Australian association with the result that tennis, rather than of dry rot in New Zealand for some years.

The appearance of the American Davis cup team at Auckland aroused much public interest. The game was played in a friendly and heartily joined in and approved of by the Governor-General. His Excellency, Lord Admiral Jellicoe, himself a keen tennis player, took a new lease on life and quick to grasp its opportunity for independence, the New Zealand Tennis Association declared its desire for individual identity. This was agreed upon by the Australian association and New Zealand to day stands on its own feet internationally.

They did not place a team in the 1923 Davis Cup competition but I fully expect to see them enter a team of younger stars within the next few years. New Zealand somewhat resembles Canada in her lack of great stars, but she has wonderful potential champions among the sturdy youth of the country.

TENNIS IN CANADA I am very optimistic about Canada's future in international tennis. Here again one finds the ancient fight between the old guard and the new party. But with all the differences there is not a word of bitterness, it is rather a friendly argument.

The controlling spirit in Canadian tennis is G. H. Miltrum of Toronto. He has held control for years. He is an earnest worker.

TILDEN PRAISES BROOKES

Veteran Australian Davis Cup Player Gets His Share of Tributes From National Champ

BY WILLIAM T. TILDEN (National Tennis Champion)

When one says "International tennis" is Australia, one says "Norman E. Brookes." The outstanding individual player, with performance unrivaled over fifteen years of Davis Cup competition, is now the final word in selection of the Davis Cup team. In England, America and other countries a group of men argue out their differences over long periods of time, often causing serious complications by delay. In Australia the full power is placed in the hands of Norman E. Brookes, with perfect knowledge that his selection will be just, thoughtful and unprejudiced.

I am a great believer in a one-man selection committee, provided the man has something of the ability of Mr. Brookes. It is a labor-saving device, this committee of Norman E. Brookes. His judgment is proved by the record of the Australian teams since first he selected them. Annually they challenge. At times they have won the cup.

IS PECULIAR The Australian tennis situation is peculiar. Rivalry runs keen between the provinces of New South Wales and Victoria, yet those two friendly enemies unite to make the Davis cup team. The Australian Tennis Association is a strong, sound organization, as firmly organized, in fact as the United States Lawn Tennis Association. The leading spirit in the association is Thomas Hicks of Sydney, the honorable secretary. Progress is the keynote of Australian tennis. Intercollegiate competition, intercity matches, sectional championships and national championships are held ably and often. Great stress is laid on the development of young players.

Unless Brookes believes that the Australian Davis cup team can place sufficient strength in the field to have a reasonable chance of winning the trophy, he gives preference to youth, in a desire to gain future Davis cup material. It was for this purpose that I am McInnis and Robert Schiesinger were placed on the 1923 team. Next season Brookes is planning a serious offensive for the cup. Unless his plans change, General Paterson, Pat O'Hara Wood and J. G. Anderson under his personal leadership will attempt to carry the famous trophy "down under."

Australia is a wonderful tennis country. Sydney, its principal city, has as keen a tennis public as I ever played before. I understand that the tennis association is erecting a new concrete stadium in Sydney to equal or surpass those at Wimbledon, Eng., and Forest Hills, L. I. One sees an indication of optimism in this move to build a great tennis stage. One almost feels that it is being prepared to stage the defense of the Davis cup in future years. Possibly it is true. It would not injure the game of tennis if Australia again won the cup. Certainly the nations of the world should lend support to Australia and reward the industry and enterprise that has made a tennis stadium at Sydney. I hope I may play there once before I pass out of the game forever.

POPULAR SPORT Tennis is universally popular in Australia. Its people know the game its press handles it with Mr. R. H. Kidston, who writes under the pen name of "Austral," one finds one of the keenest students of the game and one of the clearest tennis critics now writing.

In the old days before the war the whole group of islands were united in the term, "Australasia Tennis Association," including Australia, New Zealand and Tasmania. But in 1921, following the visit of the American Davis cup team to New Zealand, the latter broke away from the Australian association and is now known as a separate nation in the Davis cup competition.

There were several excellent reasons for this move. In the first place, New Zealand, the exception of A. F. Wilding, never developed a great player. Lack of competition was the primary cause. Most of the policies were set by the Australian association with the result that tennis, rather than of dry rot in New Zealand for some years.

The appearance of the American Davis cup team at Auckland aroused much public interest. The game was played in a friendly and heartily joined in and approved of by the Governor-General. His Excellency, Lord Admiral Jellicoe, himself a keen tennis player, took a new lease on life and quick to grasp its opportunity for independence, the New Zealand Tennis Association declared its desire for individual identity. This was agreed upon by the Australian association and New Zealand to day stands on its own feet internationally.

They did not place a team in the 1923 Davis Cup competition but I fully expect to see them enter a team of younger stars within the next few years. New Zealand somewhat resembles Canada in her lack of great stars, but she has wonderful potential champions among the sturdy youth of the country.

TENNIS IN CANADA I am very optimistic about Canada's future in international tennis. Here again one finds the ancient fight between the old guard and the new party. But with all the differences there is not a word of bitterness, it is rather a friendly argument.

The controlling spirit in Canadian tennis is G. H. Miltrum of Toronto. He has held control for years. He is an earnest worker.

GOOD BOXING CARD AT VENTURA CLUB

Bob Spanuth, matchmaker for the Ventura Athletic Club, has dashed up another good boxing card for tomorrow night. The program will have a double main event which will give the fans more than they are expecting in the way of excitement. The bouts for this week are all exceptionally good and when Mel Stevenson tangles with Bobby Allen and Frankie Osner meets Johnny Villardie, the fans will have only seen half of this snappy program.

Following is the list of bouts: Mel Stevenson, La Salle, Ill., vs. Bobby Allen, Portland, Or., at 142 pounds; Frankie Osner, Tulsa, Cal., vs. Johnny Villardie, Kansas City, in 128-pound class; Jimmy Torbett vs. Billy Kindt, at 175 pounds. In the 135-pound class Paddy McKee meets Mickey Shan non; Jack Lang, at 138 pounds, meets Mike Flores of the same class. A good curtain-raiser competes the evening's festivities.

VAN NUYS WAR VETS SPONSOR RING BOUTS

(EXCLUSIVE DISPATCH) VAN NUYS, March 24.—Van Nuys ex-service men through the local American Legion Post are sponsoring a series of interpost boxing matches to be participated in by proteges of the several organizations scattered throughout the valley. Although the plan was outlined only a few days ago, already a number of posts have notified an intention to enter contestants in the different weight classifications.

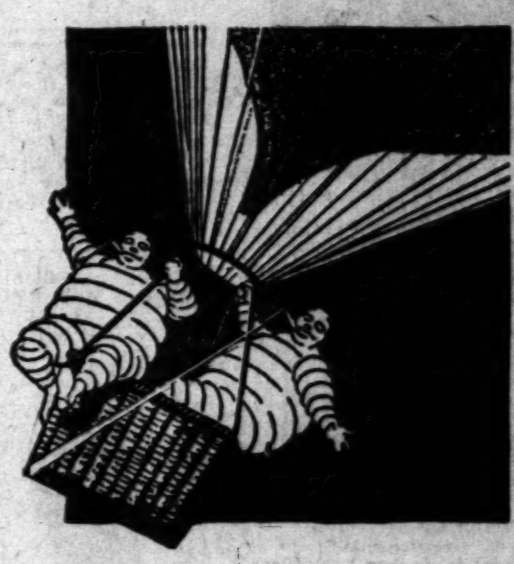

TEN PILOTS MAY START

The eight-cornered gasoline battle royal for the Mary Pickford-Dorothy Vernon trophy scheduled for last Sunday at Ascot Speedway will probably have ten starters when the daredevil line up for the race next Sunday. Acting upon the request of two drivers not seen at Ascot, President Bentley wired Chairman Corey of the I.M.C.A. for authority to reopen the postponed program. The only hitch will come through their inability to make changes in board speedway cars necessary to meet Ascot conditions.

About the only driver who was genuinely glad that Sunday's races were postponed was Fred Horsey, a member of the Ascot, who discovered quite by accident while showing his new Fontenac car to a friend yesterday that the front axle was cracked through and was held together by a small area of good steel.

Two new racing motorcycles, one of them built for the annual tale of Man race in England, have been received for use next Sunday by Ralph Hepburn and Ray Weishaar.

Important Facts about Balloon Tires

Why Michelin Comfort Cords will do more for you than other Balloon Tires

1. Michelins are bigger than other balloon tires for present rims. In the size for 32 x 4 1/2 rims, for instance, Michelin Comfort Cords are 117% larger in air space than oversize cords, while other balloon tires recommended for these rims are only 49% larger than oversize cords.
2. Michelins are the only balloon tires you can get to fit Ford Clincher rims, all others requiring you to change from clincher to straight-side equipment.
3. Michelin Comfort Cords require considerably less air-pressure than recommended for other makes.
4. You get immediate delivery of Michelin Comfort Cords in all sizes.
5. Michelin introduced the first balloon tire for present rims. Extra experience means extra service.

Michelin Comfort Cord Balloon Tires not only give a new degree of riding comfort, but lengthen the life of the car as much as 50%—thus saving you hundreds of dollars and paying for themselves many times over. It is actually cheaper to sell your present tires and change to Michelin Comfort Cords than to use up your present tires. Phone us for the name of the nearest Michelin Dealer.

HUTT MARTIN IS ELIMINATED

(Continued from First Page)

nated in the first round of play, Harry Pressler of Hacienda turning the trick. However, Smith made his opponent play the course in 71 to win, the match being anybody's until Pressler sank the winning putt on the home green.

Ed Gayer, another strong player, lost to George Kerrigan of Virginia, who played superb golf during the match. After defeating Gayer 6 and 5 Kerrigan had put for a 67, and from the way he was hitting them a score lower than that would have been probable.

Two rounds are scheduled for today, second matches to be played this morning and semifinals this afternoon. Elmer Holland, Chick Fraser, Gwynn Bowen and Dick Linars remain in the upper half of the draw, while Ernest Martin, Tom Stevens, George Kerrigan and Harry Pressler will battle it out in the lower bracket. The final round for the championship will be over thirty-six holes tomorrow.

RISKY BUSINESS The second flight brought out a peculiar situation when Art Mer-

Kansas City in Series With Vernon Tigers

Having broken even with the Seals last week in an eight-game series at San Francisco, the Kansas City Blues are here today to begin a six-game series with the Vernon Tigers. The contests will take on a sort of world's series interleague clash, as Vernon won the Pacific Coast League pennant in 1919 and the Blues annexed the American Association title last year.

The clashes have been allotted as follows: At Washington Park today, at Maier Park Wednesday, at Washington Park Thursday, at Maier Park Friday, at Washington Park Saturday and at Maier Park Sunday. Perle Casey will be the umpire for the Coast League and American Association title last year.

Both teams are in pretty fair shape and a rattling good series may be reasonably looked forward to. All games will begin at 2:30 o'clock. The line-ups follow:

Kansas City—Good, cf; Scott, cf; Armstrong, 3b; Lusk, 2b; Gorman, 1b; Miller, ss; Egan, p.

Vernon—Chill, cf; Gorman, 1b; Miller, ss; Egan, p.

DR. LASKER WINS IN CHESS TOURNEY

(BY A. P. NOBLE WRITER) NEW YORK, March 24.—Dr. Emanuel Lasker, former world's champion, and Gena Maroczy, Hungarian champion, were victors today in the international chess masters' tournament, play in which was confined to completion of adjourned games.

Dr. Lasker defeated David Pannoewski of France after sixty-eight moves in a match continued from last Friday, while Frank Marshall, United States champion, lost to Maroczy after eighty moves in a game started yesterday.

REDUCE FARE WEST
(EXCLUSIVE DISPATCH)
PHOENIX, March 24.—After Friday the Southern Pacific will sell homeseekers' round-trip tickets between Los Angeles and Phoenix at a fare and a third, with allowance of a seven-day stopover. This would give a rate of \$24, the lowest known for years.

DEATH CAUSE GIVEN
By a "Times" Staff Correspondent
PARADENA, March 24.—Mildred Huerta, year-old daughter of Mr. and Mrs. C. J. Huerta of Tittiville, died of pneumonia. Autopsy Surgeon Wagner decided today. The child was found dead in a bed occupied by the parents and four other children.

SAN FRANCISCO, March 24.—The meeting of hydroelectric utilities in Central and Northern California to consider ways and means to offset the water-shortage situation caused by continued drought was called today by the State Railroad Commission for April 1 in this city. The meeting will consider the appointment of a special administrator and the pooling of the electrical energy of the various companies. A special committee of the commission, headed by Lester R. Moody, chief engineer of that body, will report on the matter. It has concluded on all possible water sources and supplies.

Only a limited number are offered at these amazing low prices. Place your order early.

Convenient terms can be arranged.

Eyestrain Costs Money

ACCURATE productive capacity largely depends upon good vision, which, in turn, depends upon proper lighting.

Glaring or misplaced lights hurt the eyes. Your working light should be correct in quality as well as intensity—a treat rather than a threat to the eyes.

Eyes behave better and last longer when working with a light that suits them. Daylight is best because Nature made it right for eyes. That's why every Emeraldite has a special screen which changes ordinary electric light into soft, eye-saving daylight. Better light means better eyes, also better work.

When you Emeraldite your office, you have the best eye insurance, promote the efficiency and comfort of your staff, reduce maintenance cost by standardizing equipment, and enjoy the satisfaction that invariably follows any investment of merit. Emeraldite is also ideal for home use.

Genuine Emeraldites are branded and have the Emeraldite Screen. Look for trade mark. It is your guarantee of satisfaction. Sold by office supply and electrical dealers. Write for literature. Send 10¢ for color illustration and literature. H. G. McFADDIN & CO., 32 Western St., N.Y. Makers of Lighting Devices since 1874.

How Agar-Agar and Mineral Oil—relieve constipation without drugs

PHYSICIANS have long desired a remedy to encourage intestinal action without the use of physics and cathartics.

For this reason mineral oil has been favored because it lubricates the intestinal tract and softens waste products. But mineral oil alone is not always sufficient to encourage the muscles of the colon to act. To stimulate these muscles, bulk must be given to this waste. That is why Agar-Agar (Japanese Sea Moss) has been added to mineral oil to furnish this bulk.

The combination called AGRILIN is therefore a perfect remedy for constipation and for the many evil results of sluggish, lazy action of the intestinal tract.

Give up physics and cathartics for a time and try this new way to health. Experience what it means to get rid of wastes and poisons by natural means.

CHAMBER FLAYS JURY'S REPORT

Says Criticism of Fresno Speedway Unjust.

Calls it Attempt to Kill Public Confidence

Sees Reflection on City's Commerce Board

FRESNO, March 24.—In a lengthy statement signed by members of the board of directors of the Fresno County Chamber of Commerce, criticism of the ownership of the Fresno Speedway in the final report of the grand jury is declared unwarranted and a "gratuitous and unjustified attempt to undermine public confidence in an organization dedicated to community welfare."

Taking the attitude that criticism of the speedway management constitutes criticism of the Chamber of Commerce, the directors covered in their formal reply the building of the speedway in 1920 and its operation since that time. They set forth that while only two of the present directors were on the board when the original contract was made and Manager H. E. Patterson assumed control of the track, the action of the old board has the complete endorsement of the present directors. In the opinion of the board the grand jury report and published articles concerning the deliberations of the jury created a misunderstanding in the mind which the reply is intended to clear up.

HONESTLY CONDUCTED

"These facts," reads the statement, "were all laid before the grand jury, which was thoroughly satisfied that all records have been honestly kept, all funds properly disbursed and all managerial details efficiently handled."

"The only point at issue, therefore, is one of ethics," the statement continues, "and upon this point we decline to concede the grand jury's contention."

Particular exception is taken by the directors to the following paragraph in the grand jury report:

"As to the ethics of the manager of an institution like the Chamber of Commerce taking on a contract to which his employer is an adversely interested party and making a personal profit therefrom, much could be said in criticism."

"We believe that all such profits should be turned over to the Chamber of Commerce, for Rain Day festivals and Fresno district fair purposes and that upon being paid for the speedway should revert to the Chamber of Commerce."

This paragraph, the directors charge, was not in the original final draft of the report as read and approved by the grand jury and was "patently written by some one with small understanding of legal terms," as the Chamber of Commerce "certainly is not by any construction an adversely interested party."

SNOW TRAPS ARROWHEAD MOTORISTS

Eighty-seven Parties Isolated in Mountain District Since Sunday

Eighty-seven motor parties, who have been snowbound on the mountain highways in the Lake Arrowhead region since Sunday, may get today, according to E. C. Paxton, resident manager of the Mountain Lake Club, who arrived in Los Angeles last night after a thirty-two-hour battle to get through the blockade. All telephone and telegraph wires are down, isolating the resorts from outside communication.

Mr. Paxton reported that there was eighteen inches of snow on the highways, but that the Lake Arrowhead Club had scrapers working and the stalled motorists probably would get through today. He said that five automobiles succeeded in negotiating the snow barrier yesterday. The remainder of the motorists are putting up at the various mountain resorts in Strawberry Flat, Burnt Mill Canyon, Squire and Fleming's Camp. Snow has been falling in the Lake Arrowhead region for a week, according to Mr. Paxton. The motorists who were stalled had to hike a couple of miles through knee-deep snow to get to camp. While no danger, they have been subjected to much inconvenience. Forty of them were caught in the snow on the highway and the Arrowhead Club yesterday had scrapers working from the lake to the toll road. A motor transit bus, which was stalled for twenty-four hours, was one of the cars that succeeded in getting through yesterday. Mr. Paxton said he got through by way of Hesperia. He said that the heavy snowfall has provided excellent skiing and coasting. It ceased snowing yesterday morning.

Mexican Rebel Force Suffers Severe Defeat

(BY CABLE-EXCLUSIVE DISPATCH)

MEXICO CITY, March 24.—

Gen. Morán, rebel leader, suffered severe defeat in the Alamo Huastec district in the State of Vera Cruz.

After eight hours of fighting the rebels broke and fled, leaving more than 300 dead and wounded on the field. Gen. Morán was severely wounded. Six rebel generals were killed.

HAVANA STRIKE SETTLED

(BY CABLE AND ASSOCIATED PRESS)

HAVANA, March 24.—The strike of union employees of the Northern Railway of Cuba, which had tied up the road for four days, was settled today, enabling the line to resume operation.

Cashier Admits Theft, Blames Grain Market

(EXCLUSIVE DISPATCH)

CHICAGO, March 24.—Oliver H. Trambly, until six days ago cashier of the Hyde Park State Bank, had confessed that he embezzled \$63,300 of the bank's funds, part of which he lost playing the grain market, it was announced at the State Attorney's office today.

A true bill charging embezzlement was voted today against Trambly. Trambly, who is married, has been in the employ of the bank for some years. The loss of the funds is said to be entirely covered by Trambly's bond.

Speculation in grain, beginning about two years ago, is said to have been back of the series of embezzlements, which were not discovered until a few days ago.

LEGALITY OF STREET GRAB IS QUESTIONED

VACATION OF ST. JOHN WAY BY VOTE OF FIVE MAY NULIFIES ACTION

Poor Little St. John street, which has been already snuffed out of existence by the Municipal Bureau of Power and Light, from Power street to the Los Angeles River, was formally extinguished by the City Council yesterday over the protests of Councilmen Allen Baker, Gregory and Mushet. The bureau wanted the little street to use for the storage of cables and wire and took it, and then came to the Council for legal authority to direct the desired action.

Councilman Mushet protested yesterday against the "grab" which he said would damage the Board of Education's property \$100,000 as the street was to be used for railroad spur tracks to serve industrial plants in the section which is near North Main street and the Los Angeles River. Six votes were necessary to legalize the "grab." Councilman Mushet said, and if he is sustained by the City Attorney, then St. John street will have been brought back to life and the Power Bureau's fences across the street torn down, as the "grab" had infuriated supporters in the Council yesterday.

TWO FINED HEAVILY UNDER VOLSTEAD ACT

SAN GABRIEL MEN CONFESS CHARGE OF SALE AND MANUFACTURE

William Siegel and Joe Hoening of San Gabriel were fined \$750 each yesterday when they pleaded guilty before Federal Judge McCormick to a charge of violating the Volstead Act. They admitted having been in possession of a still and having manufactured intoxicating liquor.

Assistant United States Attorney McGinnis told the court that Siegel had made a fortune manufacturing and selling intoxicating liquor. The evidence presented to the court showed that Siegel was arrested on his place at San Gabriel after neighbors had complained of a "curious smell." Hoening, who was arrested when he drove up to the Siegel place during the raid, previously had served a jail sentence on a bootlegging charge, McGinnis said.

During the raid the officers seized a fifty-gallon still, fifty gallons of liquor and fifty barrels of mash.

MAYWOOD-BELL ROW SETTLED BY BOARD

INCORPORATION CONTROVERSY ADJUSTED SATISFACTORILY TO BOTH SIDES

Further verbal warfare between residents of Maywood and Bell over the proposed incorporation of Maywood was averted by the County Board of Supervisors yesterday in settling the controversy to the satisfaction of both sides.

The problem was solved by agreeing to let the Maywoodians vote on the proposed incorporation and at the same time pacifying the Bell citizens by revising the proposed district so as to exclude part of the business district of Bell. The Bell citizens fought the incorporation because they said it would mean that Maywood would gobble up their main business section.

The date for the election will be set later.

OFFICERS ELECTED BY CITY CLUB BOARD

S. C. GRAHAM IS CHOSEN AS PRESIDENT; ADDITIONAL DIRECTORS NAMED

S. C. Graham was elected president of the City Club yesterday. Marshall Stimson was elected first vice-president, John W. Kemp second vice-president and John S. Myers treasurer. The new officers were appointed by the board of directors of the club, which was itself recently elected by the members.

In addition the board named Mr. Graham, Mr. Stimson, Irving J. Mitchell, Francis J. Heney, S. A. Jubb, J. R. Denison, A. W. Frye and Walter Wheat as new directors.

LAWYER SNOWBOUND

Predicament Results in Delay of Alimony Hearing

Because Erich von Stroheim's attorney, Lytle Rucker, was snowbound in the San Bernardino Mountains the hearing of the director's application for a restraining order in the \$14 he pays weekly for the support of his son was postponed yesterday to next Monday. Rucker's telephone, Judge Sumnerfield heard he would be unable to get to court, and added he had walked fourteen miles to reach a telephone.

INDICTED MAN GIVES RAIL

J. D. Austin, arrested at Visalia on a Federal indictment charging use of the mails in a scheme to defraud, was released under \$10,000 bond yesterday by U. S. Commissioner Lane. It is asserted Austin has defrauded a bank and others in California and Oregon out of more than \$5000, obtained for subscriptions to magazines.

URGE SPEED IN WIDENING BOULEVARD

Meeting Furthers More Plans for Project in Wilshire District

The Board of Trustees of Beverly Hills at its regular meeting last night unofficially urged speed in the plans for widening and improving Wilshire Boulevard from Los Angeles to the ocean.

A resolution seeking to obtain a repeal of the present restrictions on building within fifty feet on each side of the present 100-foot roadway of Wilshire Boulevard through Beverly Hills failed to receive a second when it was declared such action might be harmful to the progress of the project. At the present time property owners who build on the fifty-foot strip do so at the risk of being subject to condemnation proceedings if the additional space is needed for a road.

After much discussion of the building restriction it was agreed that definite action in this regard will be taken at a meeting next Monday night. It is hoped that by that time the report of the committee of property owners on Wilshire Boulevard regarding the most satisfactory width for the street length of the boulevard, will be available. Harold Janes, local realty man, is the chairman of this committee.

STAR'S SISTER SUING

Divorce Complaint Calls Husband Intemperate

The domestic difficulties of Margaret Landis Bracken, sister of Cullen Landis, film star, and Bertram C. Bracken, motion-picture director, will be related before Judge Sumnerfield April 1, the date set for a hearing of her divorce complaint. She charges Bracken with intemperance and nagging. He told her he hoped she would get a divorce because he detested her, her complaint recites.

Bigamy Suspect Jailed Here for Riverside Police

B. R. Rice, a salesman, 37 years of age, was arrested by Detective Lieutenants Edwards and Jones at 214 West Seventeenth street last night and taken to Central police station where he was booked on suspicion of bigamy.

According to the police, Elizabeth Ashburn was found at the above address with Rice. The arrest of Rice was made at the request of Chief of Police Deles of Riverside. The local authorities are conducting an investigation to determine whether or not Rice was married to Miss Ashburn.

MAY CLEAR MYSTERY

Coroner Has Letters Left By Lewis De Caso, Film Actor

Coroner Nance is expected to clear up today circumstances surrounding the asserted suicide of Lewis De Caso, motion-picture actor and member of a wealthy family in Mexico, by incorporating in his official reports the contents of two farewell letters the young man is said to have penned before swallowing poison in a Hollywood apartment ten days ago.

Mr. Nance announced that one letter was written to the young man's mother and the other to a young woman whom he addressed as "Dearest Christine." Both letters indicated, Mr. Nance declared, that De Caso contemplated taking his own life. The letters are in the possession of Lee A. Crawl, Hollywood business man who was a friend of De Caso.

STAR'S SISTER SUING

Divorce Complaint Calls Husband Intemperate

The domestic difficulties of Margaret Landis Bracken, sister of Cullen Landis, film star, and Bertram C. Bracken, motion-picture director, will be related before Judge Sumnerfield April 1, the date set for a hearing of her divorce complaint. She charges Bracken with intemperance and nagging. He told her he hoped she would get a divorce because he detested her, her complaint recites.

TO BRING INDIANS HERE

Plans to bring a band of Pueblo Indians here to promote public sentiment for an Indian bill now before Congress were announced yesterday by Dr. George P. Clements, manager of the agricultural department of the Chamber of Commerce. A fund of \$1000 is needed for expenses and \$350 has been raised. The American Indian Defense Association is behind the movement for passage of the bill.

SOUTHERN CALIFORNIA TELEPHONE COMPANY

"You Ask About Our Floor"

THIS is a picture of an office with a modern linoleum floor.

At the far end of the office are two men. The owner of the office is telling a visitor why this floor saves him money and is easy to keep good-looking. What he says should interest you.

"You ask," he is saying, "about our linoleum floor. My chief reason for buying a linoleum floor was that I wanted a quiet office. I have it, and that alone is enough to make me satisfied. People can walk and chairs can be moved on linoleum without noise."

"I had intended to buy a plain color linoleum. But when I got in the store this Armstrong's Inlaid Tile pattern caught my fancy, especially when the merchant suggested that I have it laid with a plain black border."

"Then came the question of laying. Do you realize that this floor is a permanent floor? It is; it should be here as long as I live, because it is laid for permanency."

"It is cemented down—not directly to the wood underfloor, but over a lining of builders' deaning felt, which is pasted to the wood. The linoleum is

cemented to the felt and waterproofed edges. See if you can find the seams. They are practically invisible. It looks like one piece."

"About twice a month we wax and polish it. The wax is rubbed in thoroughly by the janitor, who uses an electric floor machine. The waxing cost is very low. We don't have to wash this floor. The janitor sweeps it daily with a hair broom, polishes it quickly when necessary with the floor machine, and I have a quiet, clean, good-looking floor all the time."

Talk to your merchant

This man's experience shows how you can provide yourself with a floor of Armstrong's Linoleum, and have a secure permanent, satisfactory floor. This applies to store, office, or public building, large or small. For more information, consult your merchant, contractor, or any good linoleum merchant about Armstrong's Linoleum, or write us for our free 48-page illustrated booklet, "Business Floors," which you will find both valuable and instructive.

TS

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and small dark spots. A decorative border with a repeating geometric pattern is visible along the right edge. There is a faint, dark, irregular mark near the bottom left corner.

100

HOLLYWOOD BLVD

Investors, business and professional men are Buying offices in this Hollywood skyscraper. Class A offices \$5000 to \$6250 Pay \$500 down~balance in 15 years.

The offices in the eleven upper stories of Hollywood's magnificent Guaranty Building are being sold to individuals and corporations by the Guaranty Building and Loan Association, which institution will retain the ground floor and basement and supervise the operation of the building.

The construction of this beautiful structure is not dependent upon the sale of offices. The Guaranty Building has been financed by a large California bond house and the present owner, and will be completed according to schedule on October 1st, 1924.

The opportunity to **buy outright** offices in a building of this character will perhaps never come again.

The Guaranty Building is in the heart of the permanent business district of Hollywood—right where values are highest, and always will be.

The president of a prominent real estate firm which bought 4 offices said, "Over a period of 15 years our Guaranty offices will save us \$20,000 in rent, and instead of worthless rent receipts we will have a valuable piece of centrally located business property, which we can occupy, lease or sell. This is a wonderful opportunity."

Authorities prophesy a population of 400,000 for Hollywood in 1930. This corner should be worth nearly as much as corners at Seventh and Broadway are today.

Compare an investment in a Guaranty office with stocks, bonds or mortgages. Compare the security—the possible increase in value—the income. Write or call for information today.

CAN YOUR TAXES BE CUT?
Concise Articles on Cost of Government; Where the Money Goes and Why
BY JOHN F. SINCLEAR
The United States is the only country in the world where the cost of government is so high. It is the only country where the cost of government is so high that it is a burden on the people. It is the only country where the cost of government is so high that it is a burden on the people. It is the only country where the cost of government is so high that it is a burden on the people.

POLICE HOLD WIFE
Liquor Served in Three Bars
Franklin County
By a "Times" Staff Writer
FARADENA, March 24.—Three bars in Franklin County, where the police are holding the wife of a man who is accused of having served liquor in three bars.

CONVICT BLAMES
EL CENTRO, March 24.—A convict in the El Centro prison, who is accused of having killed a man, is blaming the man for his own death.

CONDONERS AND AGENTS
Los Angeles, March 24.—A group of men, who are accused of having been involved in a series of crimes, are being investigated by the police.

FISHER'S WEEKLY INDEX

Prof. Irving Fisher's wholesale price index of 200 representative commodities and the relative purchasing power of money compared with monthly averages since January, the low in January, 1922, the peak of prices in May, 1920, and the basic 100 in 1912, follow:

1912	1920	1922	1924
100	100	100	100
1920—May (peak of prices)	147	147	147
1922—January (low)	72.5	72.5	72.5
1924—January	112.5	112.5	112.5
February average	113.4	113.4	113.4
March, week ending March 8	117.7	117.7	117.7
March, week ending March 15	118.2	118.2	118.2
March, week ending March 22	118.2	118.2	118.2

Increased Compensation on Service Basis Seen as Attractive Offer

In an effort to attract applications from attorneys of substantial experience, the Los Angeles County Board of Supervisors has established a new rank of deputy district attorneys for which higher salaries than any regularly scheduled heretofore will be paid.

PIGEONS CAUSE PLEA FOR HELP

Woman Asks City to Chase Disturbers Off Roof of Apartment

How to rid her house top of a rapidly multiplying congregation of pigeons was the appeal made by Mrs. A. E. Hatton of 2525 Building Avenue, to the City Health Department yesterday.

"Built Like a Skyscraper"

Jump into the open drawer! It will still coast in or out at a touch.

SHAW-WALKER

Steel Letter Files

Built like a skyscraper—with uprights, cross-pieces, girders, etc., of channel steel all welded into one solid piece.

No nuts, no bolts, no rods, no rivets, no screws. Silent, speedy drawers.

Organizing a Company?

Whether your Company should be a corporation or a "common law" company; its capitalization; kind of shares, negotiations for permit to sell securities, etc., are matters concerning which the organization of a company is a most important factor.

MORTGAGE GUARANTEE COMPANY

Important to Newcomers

NEW residents of Southern California who are seeking a thoroughly safe, short-term security for the employment of their funds pending the permanent investment thereof, will find our Guaranteed First Mortgage Certificates ideal for this purpose. Moreover, they are likely to find that there are important advantages in keeping at least a portion of their funds regularly invested in these Certificates.

These Guaranteed First Mortgage Certificates are secured by diversified first mortgages on improved and income-producing properties. These mortgages never exceed 50% of the property values as determined by conservative appraisals. Then, too, the Certificates are guaranteed as to both principal and interest by this Company, which is a State-supervised institution with resources of \$30,000,000—the largest of its kind outside the city of New York.

Certificates are available in convenient denominations, yield 6%, and are free from all California taxes. Details will be gladly furnished upon request.

LOS ANGELES EXCHANGE

An upward lunge in Los Angeles investment, carrying the price forward 13 cents from the opening to 2.55 as the high for the day, was the chief development of interest yesterday on the Los Angeles Stock Exchange. Other stocks moved in their usual fashion with little change in the price levels.

Heavy trading in Globe Petroleum occurred at prices around 1 1/2 cents, the closing price representing a net advance of 1-2 cents over the final price of the previous session. Union Oil Association Royalties were unchanged at 2 1/2 cents. Shell Union was firm at 18 3/8 and General at 18 1/2.

Some activity appeared in the Outman Gold selling at 3 1/2. Telluride was taken at 20 1/2 and Richmond Consolidated Copper sold around 15 1/2 cents.

Public utility and oil issues were in demand in the bond list, while in the industrial and public utility stocks, Edison common and Globe Grain common were traded.

Following are the closing quotations and sales:

STEEL REPORT A TRADE INDEX

Industrial Barometer Shows
Big Gain in Earnings

Total Net Increased by Many
Millions for Year

Financing Local Industry;
Business News

Regarded as the barometer of industry and the stock market, the annual report of the United States Steel Corporation released yesterday showing net earnings before dividends of \$108,707,064.28 is pertinent testimony of the measure of prosperity enjoyed by industrial corporations in 1923. After allowing for preferred dividends, and a special reserve of \$40,000,000 set up for additions and extensions, net earnings are the equivalent to \$12.07 on the outstanding common stock. This compares with \$2.84 in 1922 and \$2.24 in 1921.

The year's operations are tersely described by Robert H. Gray, chairman of the board, who says that "the improvement in the demand for iron and steel products which developed in the early fall of 1922, after nearly two days of depression in the industry, continued in very satisfactory volume until June, 1923, following which there was for several months a decided diminution in the volume of new business offered. In the closing months of the year, however, there was a noticeable improvement in tonnage entered and this has continued to the date of writing this report. At the close of 1923, the tonnage of unfilled orders for various classes of rolled steel products was 4,445,335, compared with 6,745,793 tons at the close of the preceding year. On February 23, 1924, the unfilled orders equaled 4,912,901 tons.

"Entering the year 1923 with a large tonnage of unfilled orders on the books which was increased by liberal buying the first five months, the subsidiary companies were unable to operate on an average during the entire year at 83.3 per cent of capacity; the output during the first half of the year reaching 92.6 per cent. In point of total tonnage output of materials produced for sale, the year 1923 has been exceeded in only two previous years, 1916 and 1917. As a result of these larger operations, together with rising selling prices, the earnings for the year show a substantial increase over those of the preceding two years.

To meet the demand for its products, the Steel Corporation, according to the production statistics cited by Mr. Gray in the annual report, mined a much larger tonnage of ore from its various mines than in the previous years. Iron and manganese ore produced totaled 31,015,109 tons, an increase of 42.4 per cent over 1922. Pig iron, ferro and spiegel, amounted to 14,729,226 tons, a gain of 39.1 per cent and the production of steel ingots (Bessemer and open hearth), totaled 20,323,950 tons, an increase of 26.4 per cent over the previous year.

Total earnings of the Steel Corporation for the year before, before charging interest on bonds and mortgages of subsidiary companies, amounted to \$157,953,687.85, an increase of \$78,164,761.53 over 1922. The corporation paid out in dividends the sum of \$29,227,393.75 on the common stock, which included the regular rate of 5 per cent and an extra of 1/2 of 1 per cent, and \$15,219,577 on the 7 per cent preferred stock. The balance carried forward to undivided surplus is shown as \$14,259,993.51, a gain of \$25,241,340.23 over the previous year, in which a deficit was shown in this account. The capital surplus of the United States Steel Corporation since its organization April 1, 1901, now totals \$512,751,219.87, which includes the original capital surplus of \$25,000,000 and aggregate net profits since 1901 of \$482,353,665.27, less certain deductions.

Dividends paid on the capital stock since organization total \$159,600,000, or \$59,270,429.66 on the preferred, and 110 1/2 per cent, of \$60,328,651.25 on the common stock, a total of \$1,107,652,080.91.

MADE IN LOS ANGELES
To finance the erection of a factory building and provide funds for machinery and materials the District Bond Company is offering \$250,000 Theme Hostery Company 7 per cent cumulative preferred stock at 100. The dividends are exempt from the normal Federal income tax and are nontaxable under the laws of California. The stock is callable at 105 until July 1, 1925; at 105 thereafter until July 1, 1928; and at 105 thereafter until July 1, 1932, at which time all of the issue outstanding must be retired.

The Theme Hostery Company is building a factory in Los Angeles at 2911 San Fernando Boulevard to manufacture a full line of ladies', men's and children's full-fashioned and seamless hosiery in silk, cotton and wool. The plant will include a large throwing plant for silk and a modern dye house fully equipped to produce all the best colors for hosiery and textile. The five-story factory of reinforced concrete is in process of erection, and when finished and fully equipped with modern machinery will be one of the finest hosiery factories, according to its sponsors, in the country.

pay are already in sight between the 500-foot and 700-foot levels. The Oatman North Star Company has purchased a large stock interest in the United American Company, and this financial assistance, with funds to be received from ore shipments, will place the mine on a paying basis according to the belief of the operators. North Star will continue exploration work on its own property, in addition to its interest in United American.

BANK NEWS
The opening of a new branch of the Pacific-Southwest Trust and Savings Bank, on the 21st inst., at 3927 West Sixth street, to be known as the Sixth and Western Branch, is announced by the board of directors. A. L. Moser, manager of the Jefferson and Arlington branch has not been selected. Other appointments announced included the following: Executive board, Coalbina, R. C. Baker, chairman, Jacobo Zwang, vice-chairman, Max Shaffrach and W. H. Satchell; A. J. Hay, junior assistant manager of steel products, Roy H. Erichsen, pro-manager, Los Angeles branches.

PERSONAL MENTION
Samuel Foster Valentine, announces the opening of brokerage offices under the firm name of Valentine & Co. Offices are maintained at suite 1119 Loew's State Building.

Miss Marie A. Edington, manager of the trading department of Alvin H. Frank & Co., has left

on a six months' leave of absence for a tour of the principal countries of Europe. While absent Miss Edington is planning a survey of the financial structure of European countries.

INDUSTRIAL STOCK
Hunter, Dullin & Co. announce the offering of \$250,000 California Glass Company 8 per cent cumulative preferred stock at 100 and accrued dividends. The company is now the second largest glass company on the Pacific Coast and is engaged in the manufacture of various types of glass and in its sale and distribution throughout Southern California. The policy of the company is to specialize in any one kind, glass being furnished for a wide variety of uses, such as for houses, stores, mirrors, automobiles, furniture, sidewalks, fixtures, etc.

The company was organized on January 1, 1918, and was later incorporated as the California Glass Company. After completion of this financing, as of December 31, 1923, the company's balance sheet indicated net current assets equal to 146 per cent of all preferred stock authorized and outstanding; a ratio of over four to one between current assets and current liabilities, and a book value of \$187 for every \$100 par value of this preferred stock. Its 1923 net earnings were \$193,171, or nearly three times the dividend requirements on all preferred stock authorized and outstanding, including this issue.

MOTOR BONDS
A syndicate composed of Halsey, Stuart & Co., Continental Trust and Commercial Trust and Savings

Bank, Blyth, Witter & Co., and First National Company of Detroit is offering \$2,500,000 Continental Motors Corporation first mortgage 6 1/2 per cent bonds, due 1939, priced at 95 1/2 to yield about 7 per cent.

The Continental Motors Corporation is known throughout the United States, being the largest concern in this country engaged exclusively in the manufacture of gasoline motors. The company has been under the same successful management since 1902.

Continental Red Seal motors are used by the Paige-Detroit Motor Car Company; Yellow Cab Manufacturing Company; Moreland Motor Truck Company; Jordan Motor Car Company; Moon Motor Car Company; Durant Motors, Inc., and many other manufacturers of passenger cars, commercial trucks and tractors.

**GRAIN EXPORTS ARE
IN LARGER VOLUME**

(BY A. P. NIGHT WIRE)
WASHINGTON, March 24.—Grain exports from the United States last week were 1,218,000 bushels, an increase of 200,000 bushels over the previous week.

Commerce Department figures on the week's shipments compared with last week follow:

Wheat, 220,000 bushels, against 27,000; corn, 84,000, against 110,000; oats, 30,000, against 100,000; barley, 140,000, against 200,000.

Canadian grain in transit through the United States was 5,391,000 bushels, against 1,710,000 bushels, and wheat flour, including Canadian, in transit, aggregated 23,800 barrels, against 23,000 barrels.

CRUDE RUBBER MARKET

(EXCLUSIVE DISPATCH)
NEW YORK, March 24.—A better tone prevailed in the market for crude rubber today and while the advance in talent was great, the demand was limited. Rubber sheeted sheets were practically higher at 5 1/2c.

STEEL REPORT A TRADE INDEX

Industrial Barometer Shows Big Gain in Earnings

Total Net Increased by Many Millions for Year

Financing Local Industry; Business News

Regarding the barometer of industry and the stock market, the annual report of the United States Steel Corporation released yesterday showing net earnings before dividends of \$103,707,064.26 is pertinent testimony of the measure of prosperity enjoyed by the industrial corporations in 1923. After allowing for preferred dividends, and a special reserve of \$40,000,000 set up for additions to the plant, net earnings are the equivalent to \$12.07 on the outstanding common stock. This compares with \$2.44 in 1922 and \$2.54 in 1921.

The year's operations are tersely described by E. H. Gray, chairman of the board, who says that "the improvement in the demand for iron and steel products which developed in the early fall of 1922, after nearly two days of depression in the industry, continued in very satisfactory volume until June, 1923, following which there was for several months a decided diminution in the amount of new business orders. In the closing months of the year, however, there was a noticeable improvement in tonnage entered and this has continued to the date of writing this report. At the close of 1923, the tonnage of unfilled orders for various classes of rolled steel products was 4,445,235 compared with 6,745,703 tons at the close of the preceding year. At February 23, 1924, the unfilled orders equaled 4,312,901 tons.

"Entering the year 1923 with a large tonnage of unfilled orders on the books which was increased by liberal buying the first five months, the subsidiary companies were enabled to operate on an average during the entire year at 88.3 per cent of capacity, the output during the first half of the year reaching 92.8 per cent. In point of total tonnage output of materials produced for sale, the year 1923 has been exceeded in only two previous years, 1916 and 1917. As a result of these larger operations, together with improved selling prices, net earnings for the year show a substantial increase over those of the preceding two years.

To meet the demand for its products, the Steel Corporation, according to the production statistics cited by Mr. Gray in the annual report, mined a much larger tonnage of ore from its various mines than in the previous years. Iron and manganese ore produced totaled 31,015,109 tons, an increase of 42.4 per cent over 1922. Pig iron, ferro and spiegel, amounted to 16,723,224 tons, a gain of 31.1 per cent and the production of steel ingots (Bessemer and open hearth), totaled 20,323,919 tons, an increase of 25.4 per cent over the previous year.

Total earnings of the Steel Corporation for the year before, before charging interest on bonds and mortgages of subsidiary companies, amounted to \$187,953,457.85, an increase of \$7,375,753.53 over 1922. The corporation paid out in dividends the sum of \$5,227,338.75 on the common stock, which included the regular rate of 5 per cent and an extra of 1 per cent, and \$25,219,577 on the 7 per cent preferred stock. The balance carried forward to undivided surplus is shown as \$14,259,993.53, a gain of \$55,241,340.22 over the previous year in which a deficit was shown in this account. The capital surplus of the United States Steel Corporation since its organization April 1, 1901, now totals \$512,751,219.87, which includes the original capital surplus of \$25,000,000 and aggregate net profits since 1901 of \$2,023,868,518.27, less certain deductions.

MADE IN LOS ANGELES

To finance the erection of a factory building and provide funds for machinery and materials the District Bond Company is offering \$250,000 Theme Hosiery Company 7 per cent cumulative preferred stock at 100. The dividends are exempt from the normal Federal income tax and are nontaxable under the laws of California. The stock is callable at 100 until July 1, 1925; at 103 thereafter and until July 1, 1928; at 105 thereafter and until July 1, 1931, and at 108 thereafter and until July 1, 1934, at which time all of the issue outstanding must be retired.

The Theme Hosiery Company is building a factory in Los Angeles at 2911-San Fernando Boulevard to manufacture a full line of men's, women's and children's full-fashioned and seamless hosiery in silk, cotton and wool. The plant will include a large throwing mill for silk and a modern dye house fully equipped to produce all the best colors for hosiery and textiles. The five-story factory of reinforced concrete is in process of erection, and when finished and fully equipped with modern machinery will be one of the finest hosiery factories, according to its sponsors, in the country.

The organizer of the company, Theodore F. Thime, has had thirty-two years' experience in the manufacture and sale of hosiery. The company's capital is for \$500,000, of which \$400,000 is common stock and has been sold at par. The remainder \$100,000 is 7 per cent cumulative preferred stock, of which \$150,000 will be disposed of for cash.

RESUMES OPERATIONS

That the United American Mining Company at Oatman is resuming operations on company account is the news received from Oatman by E. H. Schick and Company, members of the Los Angeles Stock Exchange. According to their information the United American actively will develop its 700-foot level, on which already has been found the downward continuation of a pay ore on the 500-foot level. Oatman mining men are optimistic over the outcome of the work now starting.

United American has shipped to mill something over \$45,000 of rich ore, part of this having been taken out by lessees who have been shipping steadily. It is reported that a large quantity of

pay ore already is in sight between the 500-foot and 700-foot levels.

The Oatman North Star Company has purchased a large stock interest in the United American Company, and this financial assistance, with funds to be received from ore shipments, will place the mine on a paying basis according to the belief of the operators. North Star will continue exploration work on its own property, in addition to its interest in United American.

BANK NEWS

The opening of a new branch of the Pacific-Southwest Trust and Savings Bank on the 21st inst. at 3927 West Sixth street, to be known as the Sixth and Western Branch, is announced by the board of directors. A. L. Moser, manager of the Jefferson and Arlington branch has been appointed manager of the new branch. Mr. Moser's successor at Jefferson and Arlington has been selected. Other appointments announced included the following: Executive board, Coalinga, R. C. Baker, chairman, Jacobo Zwanig, vice-chairman, Max Shaftrach and W. H. Hatchell; A. J. Hay, junior assistant cashier, Pasadena branch; Roy H. Erichsen, pro-manager, Los Angeles branches.

PERSONAL MENTION

Samuel Foster Baletins, announces the opening of brokerage offices under the firm name of Baletins & Co. Offices are maintained at suite 1119 Loew's State Building.
Miss Merle A. Edington, manager of the trading department of Alvin H. Frank Co., has left

on a six months' leave of absence for a tour of the principal countries of Europe. While absent Miss Edington is planning a survey of the financial structure of European countries.

INDUSTRIAL STOCK

Hunter, Dulin & Co. announce the offering of \$250,000 California Glass Company 8 per cent cumulative preferred stock at 100 and accrued dividends. The company is now the second largest glass company on the Pacific Coast and is engaged in the manufacture of various types of glass and in its sale and distribution throughout Southern California. The policy of the company is to avoid "specializing in any one kind, glass being furnished for a wide variety of uses, such as for houses, stores, mirrors, automobiles, furniture, sidewalks, fixtures, etc.

The company was organized on January 1, 1916, and was later re-incorporated as the California Glass Company.
After completion of this financing, as of December 31, 1923, the company's balance sheet indicated net current assets equal to 146 per cent of all preferred stock authorized and outstanding; a ratio of over four to one between current assets and current liabilities, and a stock value of \$195 for every \$100 par value of this preferred stock. In 1923 net earnings were \$194,171, or nearly three times the dividend requirements on all preferred stock authorized and outstanding, including this issue.

MOTOR BONDS

A syndicate composed of Halsey, Stuart & Co., Continental and Commercial Trust and Savings

Bank, Blyth, Witter & Co., and First National Company of Detroit is offering \$5,500,000 Continental Motors Corporation first mortgage 6 1/2 per cent bonds, due 1939, priced at 95 1/4 to yield about 7 per cent.

The Continental Motors Corporation is known throughout the United States, being the largest concern in this country engaged exclusively in the manufacture of gasoline motors. The company has been under the same successful management since 1902.

GRAIN EXPORTS ARE IN LARGER VOLUME

(BY A. P. NIGHT WIRE)
WASHINGTON, March 25.—Grain exports from the United States last week were 1,210,000 bushels, an increase of 200,000 bushels over the previous week.
Commerce Department figures on the week's shipments compared with last week follow: Barley, 220,000 bushels, against 47,000; corn, 545,000, against 710,000; oats, 200,000, against 150,000; wheat, 445,000, against 343,000. Canadian grain in transit through the United States was 2,301,000 bushels, against 1,718,000 bushels, and wheat flour, including Canadian, in transit, aggregated 278,000 barrels, against 200,000 barrels.

CRUDE RUBBER MARKET

(BY J. M. MARY)
NEW YORK, March 24.—A better tone prevailed in the market for crude rubber today and while the advance in price was modest, the demand was improved. Rubber smoked sheets were generally higher at 2 1/2c.

Announcing A NEW INDUSTRIAL FINANCING PLAN for Los Angeles

THE GREATEST need of Los Angeles today is growing industries and increased payrolls. Financing of local manufacturing concerns is therefore essential to promote balanced prosperity.

Initial capital invested in industries is very frequently tied up because a large part of the capital is invested in plant, materials, machinery, equipment, etc. To this is added the burden of carrying the Merchandise Accounts Receivable, and the lack of capital often seriously retards the companies' operations.

The Standard Union Finance Corporation has been organized for the purpose of furnishing money on merchandise accounts receivable to reliable manufacturers, jobbers and wholesalers, paying them cash for such accounts and thus enabling them to carry out their programs for expansion.

The demand for companies transacting this branch of banking business is best evidenced by the success which has attended the operation of several eastern corporations in the same line.

Business men in need of additional working capital, and others who may be interested, are invited to learn more about our financing plan which will help solve one of the most pressing economic problems before Los Angeles and Southern California. Come in, or use the coupon below.

SKULLS POINT TO ICE-AGE RACE, SCIENTISTS THINK

*Discovery of Petrified Skeletons
Held Proof of Men Living Here
10,000 to 25,000 Years Ago*

With the unearthing of the bones of four petrified human skeletons, estimated to be anywhere from 10,000 to 25,000 years old, at a depth of twenty-three feet, in excavations for the outfall sewer in the southwest part of Los Angeles, scientists declared here yesterday that a discovery had been made which may prove to be one of the most important ever made in the field of paleontology in America.

The work of excavation is going forward under the supervision of Dr. Chester Stock, head of the department of paleontology of the University of California. Workmen are busily engaged in the mud and slush of a great pit from which the bones of the mammoth and other bones are picked up every few minutes as the excavation progresses.

The place where the discovery was made is near the Santa Monica Airline railroad, nearly half a mile from the beach, and for the purpose to continue the work of excavation until all vestiges of human habitation are removed.

Dr. Stock is assisted by Dr. William A. Bryan, director of the Los Angeles Museum of History, Science and Art, and by a University man to take charge as soon as Dr. Bryan becomes convinced that the discovery is one of extraordinary importance.

Dr. Bryan was sent to the site by George Hess, vice-president of the Thomas Haverly Company, who has charge of the installation of the California Historical Museum. He explained to the museum men that one of the Mexican workman had brought out this skull in his shoe and that he had paid any particular attention to it until Mr. Hess found it.

Being somewhat interested in paleontology and the prehistoric remains of the West Coast, Mr. Hess thought it might be of some slight in the course of the company's excavations. Mr. Hess thought this discovery should be made known to the scientific men. The relic was placed together and was shown to Dr. John C. Merriam, eminent paleontologist, who declared it to be of scientific value and urged Dr. Bryan to send for Dr. Stock.

NO FULL SKELETON
No skeleton has as yet been found in its entirety, the bones being brought up piece-meal. All the bones of the jaw, the maxillary and the mandibular bones, the hyoid bone, have been turned to solid stone, even the teeth, which are well preserved, being petrified. The skull together with the bones of the lower jaw, as by the scientists after the excavation work is completed, to facilitate further study. The weapons or implements of a kind, which have been found, but diligent search is being made for such articles in the past that will be of use in determining the age to which the aboriginal race belonged.

RESUME EXCAVATION
In the meantime the workmen had gone on laying the sewer pipe, and the work on the site where the discovery was made. Upon the arrival of Dr. Stock on Sunday in response to Dr. Bryan's wire, the workmen of the Plaquemine crew of his men to work to dig down under the sewer pipe, which is about seven feet in diameter and lies at a depth of about 15 feet. The workmen reached a depth of twenty-three feet they discovered the rest of the skeleton which belonged to the skull already mentioned. The bones were sent to the Smithsonian authorities.

The first intimation that a discovery of unusual importance had been made was received last week when the fragments of a skull

They widened the excavation and soon came upon another skull considerably larger than the first. This Dr. Brown said had belonged to a man, while the first skeleton, with its more delicate bones, is supposed to have been that of a woman. By the time the scientists were on their toes with excitement, and even the men digging in the mud at the bottom of the pit were cheering. They went at their work with renewed vigor and were soon rewarded by finding another skull with its accompanying bones.

One of the men in the party then decided to examine the great mound of earth that had been taken from the excavation. He was prominently called out that he had found a heap of bones. Scientists, newspaper men, automobile drivers and others who had gathered there had been attracted by the news of the find therefore began searching diligently all over the mound. Within a few minutes the darkness overtook the willing workers hundreds of human bones had been found and carefully examined. The first full identification by the scientific men. Mr. Hess stated that he contemplated having the entire mound reduced to a fine stream of water from a hose.

TO REVISE THEORIES

In discussing the discovery, Dr. Stock stated that while it was impossible at that time considering the weather conditions to attempt to place more than a rough estimate on the age of these remains, he is convinced, however, that they are of great scientific value. The discovery will probably go far in revising old theories regarding the earliest human life on the American continent.

"From the merely cursory examination the state of the bones is as far as permitted, I am inclined to believe that they will exhibit the characteristics of modern man rather than of such ancient races as have been discovered in Europe," he said. "Nevertheless, the depth at which

SURVEY AT PORT ORDERED

Announcement that the Army Board of Engineers for Rivers and Harbors has authorized an immediate survey on which to base recommendations for the extension of the Long Beach-Los Angeles breakwater was made yesterday by Maj. E. D. Ardery, district engineer for the board.

PUBLISHER'S RITES TO BE WEDNESDAY

Body of James McNally to be Sent to Chicago After Services in Pasadena

Funeral services for James McNally of Rand McNally & Co., of Chicago, will be conducted tomorrow at 2 p. m. at the Ives-Warren's Chapel in Pasadena. The body will be taken to Chicago for interment in Graceland Cemetery. Rev. Leslie E. Leonard, rector of All Saints Episcopal Church will conduct the service.

Mr. McNally died Sunday evening after an illness of a week of pneumonia. He had been ill for some time, and late in November he was to visit his daughter, Mrs. Harold Bingham, of Pasadena, on his health following a breakdown after the death of his wife last August. He was 74 years of age. Several members of the family live here.

Mr. McNally was born in America and was a member of the bar. He was graduated in medicine and surgery from an Irish college, but never practiced the profession. He came to Chicago in 1882 to join his brother, Andrew McNally, who was dead, in the publishing business. Andrew McNally spent his winters in Pasadena where he died several years ago. James McNally was vice-president of the publishing house.

He was a member of the Hamilton Club, the Edgewater Golf Club and the Association of Commerce and Industry. He was an Episcopalian.

He leaves a brother, Rev. F. G. McNally, an Episcopal clergyman of Ambleside, England, and two sisters living there; two sons, R. A. McNally of Los Angeles and Harry McNally of Los Angeles; and a daughter, Mrs. R. A. McNally, the only daughter.

Roadhouses and cafes in Los Angeles are being closed up. This was the case when a "period of grace," year ended.

Abatement proceedings will be in order in all cases where two notices of liquor nuisance are served on them. Mr. Keyes said.

Congressmen to Aid Drive for Coal-

Principles on which President Calvin Coolidge has established his administration will be the subjects for addresses of Congressmen John D. Fredericks and Walter F. Line-

berger before the Republican today at Paulist, 741 South Broadway. This is to be first of a series of luncheons to be conducted here in the behalf of the President at which nationally-known persons will be speakers and guests of honor.

Reservations which have been made at the "Coffeehouse" campaign headquarters indicate that this will be one of the largest meetings of its kind to be held to date.

The program for the meeting is as follows:

Arrival of guests by bus
Registration
Luncheon
Address by William May Garland, local reality man
May Kedge campaign presentation

Claude Williams said that she presented to him by his investigator to reveal a lax condition in cafés in the matter of drinking. He stated the following formal statement:

"It has come to my attention that some of the cafés in Los Angeles are in violation of the health code."

RADIO CUP TO FORMER ANGELENO

Donald C. Wallace to Get Hoover Award for Best Amateur Station

To Donald C. Wallace, formerly of Los Angeles and Long Beach, but now of Minneapolis, will receive the Herbert Hoover prize cup for the best all-around amateur radio station this year, according to dispatches from New York. The station operated by Wallace is known as Amateur Station 9ZT. It has long been recognized as one of the most reliable for handling code traffic across the continent. The station has been used frequently when telephone and telegraph wires were down. The transmitter used by Wallace utilizes one 250-watt radio tube. The entire outfit is of the simplest design. Only two waves used, 350 meters and 150 meters. A special type of wave meter is employed and when a distant station is known to be listening for a definite wave, it is raised by the wave-meter method of adjusting the transmitter. The announcement that 9ZT is to be crowned king of amateur radio stations was made at New York by Charles Stewart, vice-president of the American Radio Relay League Association. Donald Wallace is the son of W. H. Wallace, a real estate operator of this city.

Suit of Oil Man Against Woman Voided by Court

Suit brought by Luther S. Foss, said to be a wealthy oil operator, against Miss Emma K. Engelke for \$20,750 damages for asserted false arrest, was dismissed yesterday by Judge Burks without leave for the plaintiff to reopen the same cause of action.

The suit came as an aftermath to a court tilt several years ago between Miss Engelke and Foss, which resulted in Miss Engelke winning a judgment of \$3500 against the oil man for asserted breach of promise. Foss was declared to have left the State without satisfying the judgment and when he returned to California about a year ago Miss Engelke was said to have sworn out a civil warrant for his arrest in order to insure his appearance in court.

A demurrer to the action brought by Foss was granted by Judge Burks on the ground that the complaint was ambiguous, indefinite and did not show to what extent, if any, Foss was injured by his asserted arrest.

Judge Burks sustained the demurrer, but Foss failed to file an amended complaint within the time set by the court, which yesterday dismissed the case with prejudice.

HIS STORY WIN DECREE

Leon Graff's story of his wife's infatuation for an unidentified man that caused her to neglect the couple's two minor children won him a divorce from Jeanette Graff yesterday in Judge Burks's court. The Graffs were married in Cincinnati in 1907.

A FINE radio set will be given away free each week of the Automotive Radio shop, to be held March 31 to April 5, at Figueroa and Pine streets. Admission is free.

1200 Women's Linen Dresses at \$5.65

The illustration is an exact reproduction of the very dresses themselves and shows just a few of the many styles in sizes 16 to 46 that are here and on sale at a very, very low price, Wednesday

Linen Dresses of a character (quality, style and workmanship all considered) so unusual at \$5.65 that it is not at all improbable the 1200 may prove all too few for even part of a day's selling—at \$5.65 Wednesday (not today)—

(just a short time ago Bullock's Basement Store advertised 500 but had in reality 750 Linen Dresses and even 750 did not suffice for even a few hours selling)—

Linen Dresses beautifully made of fine grade linen, trimmed with hand drawn work, with collars, cuffs and pockets of self or contrasting color, and with deep hems—in fact—just such dresses as you would expect to find only at a very, very much higher price than \$5.65.

1200 all told in scores and scores of styles in white, light blue, green, tan, brown, orchid, peach, Copenhagen, henna, orange and yellow and in sizes 16 to 46—but not all sizes or all styles in all colors—values that should tempt women to buy in numbers—at \$5.65—Wednesday (not today) in

Do you really want QUALITY in CANNED FRUITS so earnestly that you insist on the brand you already know and like?

Surely it's worth insisting.

Nothing is more important than the quality of the foods you serve to your family.

And nothing is easier to get—if you know what brand always stands for quality—and then insist on having it.

The sure way to buy

The sure way in canned fruits is to ask for DEL MONTE. You always know in advance exactly what DEL MONTE quality is—the same uniform goodness in every variety—the same assurance of satisfaction, no matter when or where you buy.

Fruit every day—a healthful habit

You need fruit every day. It stimulates the appetite and supplies a necessary aid to the digestive system. But especially now at this important season—when we are all inclined to eat over-heavy foods—

fruit should be served regularly to balance the diet. The unvarying delicacy of DEL MONTE Canned Fruits will lend welcome variety to every meal.

Order by the dozen cans

How is your pantry stocked? Have you the variety you need? Now is a good time to check it over—then see your grocer—and order by the dozen cans to ensure an adequate, well-rounded supply.

Only one thing! You owe it to yourself—you owe it to your family—to be so much in earnest about quality, that you insist on getting just the dependable brand you want.

Be sure you say DEL MONTE.

Let us help you

If your grocer is not able to supply you, send us his name, and we will either arrange to supply you through him or tell you where you may buy these quality fruits.

Just say Del Monte CANNED FRUITS

Buy the size of can to fit your need

Most DEL MONTE Fruits are packed in 9 sizes of cans to meet the needs of various classes of families. No. 5½ (large can) contains selected large fruit; No. 3 (medium can) contains selected medium-sized fruit; and No. 1 (small can) contains selected small fruit. But whatever the size, DEL MONTE flavor and quality are invariably the same.

Of Interest to Women

SOCIETY

BY JUANA NEAL LEVY
Among the many prominent visitors from the East who pass a portion of every season in Southern California are Mr. and Mrs. Eugene Hildebrand of Chicago, who, after several months' visit in Los Angeles, are leaving today for their eastern home. During their visit here they have been much entertained, among the affairs being a dinner party at the Mary Louise by Col. and Mrs. Peter McClelland, the guests being taken afterward to the Biltmore to a box party for "Sally." Mr. and Mrs. Henry Hoffman entertained with a dinner party and took the guests afterward to see "Lightnin'." Mr. and Mrs. Winford A. King were hosts at a dinner party at their home in South St. Andrews Place, followed by an evening of bridge. Mr. and Mrs. Cuthbert Smith also entertained with an evening of bridge in honor of the visitors, and Mr. and Mrs. Charles Woerner gave a delightful evening party for Mr. and Mrs. Hildebrand, with bridge as the feature of the evening. Mr. and Mrs. Charles Bauerlin of Upland entertained with a luncheon party and bridge afterward, and Mr. and Mrs. William Burruss gave a dinner party, followed by bridge, with specially honored guests. Friday evening Mr. and Mrs. Hildebrand entertained with a dinner party in the Chinese room of the Mary Louise, the evening being enjoyed by bridge and mah jong. Spring flowers and delicate ferns were attractively combined in the decorations of the room and dinner table, covers being arranged for Mr. and Mrs. Winford A. King, Mr. and Mrs. Cuthbert Smith, Mr. and Mrs. Charles Woerner, Mr. and Mrs. Charles Bauerlin, Mr. and Mrs. Henry Hoffman, Col. and Mrs. Peter McClelland, Mrs. George West, Mrs. William Burruss, Eugene Hildebrand, Jr., and the hosts, Mrs. Hildebrand's father, John King, of Chicago, as well known in Los Angeles, and on the last night celebrated his ninety-fifth birthday. Mrs. King entertained with a dinner party in his honor and the guests were all old friends. Mr. King was an intimate friend of Abraham Lincoln, and is now hale and hearty and enjoys all the activities of his home city. Mr. and Mrs. Hildebrand are planning to pass next winter in Egypt and Nice, motoring through Southern France and the Riviera, and will not return to Los Angeles until the following winter.

At Coronado
Mr. and Mrs. Cosmo Morgan of West Twenty-fourth street, motored down to San Diego and Coronado Friday afternoon, passing the week-end at Hotel del Coronado and returning home late yesterday afternoon.

Bridge-Luncheon
In honor of Mrs. T. A. Winter, who, with Mr. Winter, is leaving shortly for several months' visit in Honolulu, Mrs. F. H. Halbritter is entertaining this afternoon with a luncheon and bridge party, the guests being intimate friends of the honor guest. Those included are Mrs. Edward Culbertson, Mrs. Loren Hillman, Mrs. Herbert S. McGaffey, Mrs. Harold O'Rourke, Mrs. William K. Young, Mrs. Kiel Fulham, Mrs. Bruce Hay, Chapman, Mrs. Douglas Longyear, Miss Winifred Jones, Miss Annabelle Ralphs and Miss Alice Gay.

For Visitors
Honoring Mrs. Alex Taylor and Mrs. Leo Smith of Minneapolis, who are sojourning in Los Angeles this month, a charmingly arranged luncheon party will be given Friday afternoon by Mrs. Ralph Heath at her home, twenty guests having been bidden. Pink flowers and sprays of ferns will be combined in the decorations, and following the luncheon a varied musical program will be given.

Returned From Abroad
Mrs. Archibald C. Macleish (Frances Edwards), who went abroad with Mr. and Mrs. Thomas Lee Woolwine, returned to Los Angeles last week. Dr. and Mrs. Macleish are now enjoying several weeks' outing at Catalina, going over Thursday afternoon.

From the North
Mr. and Mrs. Alexander Field (Amy Brunwig) of San Francisco are enjoying a delightful visit with old friends, coming down from the north ten days ago. Mrs. Field, who is a daughter of the Lucien Napoleon Brunwig, is being much entertained by her many friends here during her brief visit. They are domiciled at the Biltmore.

From Mexico City
Mrs. Zelia Nuttall of Mexico City is in Los Angeles and is visiting at the home of Mr. and Mrs. Chapell G. Stanton in Lafayette Park Place. Mrs. Stanton is entertaining this afternoon with a luncheon of eighteen covers in honor of her house guest, who has a host of friends in Los Angeles and vicinity who are gladly welcoming her here.

For the Russians
Mrs. Wilmoughby Rodman, whose extensive tours throughout Europe have resulted in much philanthropic work in giving a series of talks at the Ambassador for the benefit of the starving Russian students, the entire proceeds being sent to the University of Lovain to pay for the education of these exiles. The first lecture will be given Thursday morning and there will be a number of luncheon parties given afterward. A number of society belles will act as ushers under direction of Miss Margaret Brunwig, daughter of Mr. and Mrs. Lucien Napoleon Brunwig, including Miss Eleanor MacGowan, Miss Mary Gray, Miss Dorothy Gray, Miss Margaret Gray, Miss Isadore Cunningham, Miss Miriam Mulholland, Miss Anna Keegan, McDonald and Mrs. Ernest Moody Best. The subject of Thursday's lecture will be "The Ruler of all Islam and His Magic City on the Bosphorus."

Evening of 500
Mr. and Mrs. A. O. Adams entertained sixteen friends with an evening of 500 at their home.

VISITOR GOES TO CHICAGO

Plans European Travel for

Mrs. Eugene Hildebrand
After her customary extended visit in Southern California, Mrs. Eugene Hildebrand is leaving today for her eastern home in Chicago. She and her husband are planning to spend this summer next winter on the coast.

CHILDREN'S MATINEES

Conference Will Work Today to Confer for Special Neighborhood Program

Final plans for the inauguration of the special children's picture conference to be presided over by Mrs. Eugene Hildebrand today at 1 p.m., 414 Junior Orpheum Building. Representatives will be present from all the co-operating organizations, including the Parent-Teacher Association, Daughters of 1813, P.E.O. and D.A.R.

Two suburban theaters, the Strand and the Circle, will begin special children's programs Saturday afternoon, the managers working with the co-operation of Mrs. J. H. Lowden, Mrs. C. Blatherwick, Mrs. A. B. King and Mrs. O. Walker. All meetings of conferences are conducted in 414 Junior Orpheum Building, under the auspices of the city.

ning at cards at their home in Brighton avenue. Saturday evening, 500 being played. Those included were Mr. and Mrs. Fred Beaudie Zart, Mr. and Mrs. George Keller, Mr. and Mrs. John Shaw, Mr. and Mrs. Alfred Jackson, Mr. and Mrs. Robert Steen, Mr. and Mrs. Charles Sawyer, Mr. and Mrs. John A. Prinsen, Mr. and Mrs. William Griffith. Mrs. Adams was assisted by Miss Helen Keller and Miss Carolyn Keller.

Observe Birthdays
Mrs. Clara Greis of 4015 West Adams street, her daughter Mrs. Frank Vale of Eleventh avenue, and Mrs. Alleta E. Wilson of South Manhattan avenue, celebrated their birthday anniversary with a party at the Greis-Vale bungalow at Hermosa Beach by the sea. The afternoon was enjoyed by the guests being present.

Among the guests being present were Mrs. Hildebrand, Mrs. King, Mrs. McClelland, Mrs. Cuthbert Smith, Mrs. Charles Woerner, Mrs. Charles Bauerlin, Mrs. Henry Hoffman, Col. and Mrs. Peter McClelland, Mrs. George West, Mrs. William Burruss, Eugene Hildebrand, Jr., and the hosts, Mrs. Hildebrand's father, John King, of Chicago, as well known in Los Angeles, and on the last night celebrated his ninety-fifth birthday. Mrs. King entertained with a dinner party in his honor and the guests were all old friends. Mr. King was an intimate friend of Abraham Lincoln, and is now hale and hearty and enjoys all the activities of his home city. Mr. and Mrs. Hildebrand are planning to pass next winter in Egypt and Nice, motoring through Southern France and the Riviera, and will not return to Los Angeles until the following winter.

At Coronado
Mr. and Mrs. Cosmo Morgan of West Twenty-fourth street, motored down to San Diego and Coronado Friday afternoon, passing the week-end at Hotel del Coronado and returning home late yesterday afternoon.

Brock and Company

Watch Repair Under Expert Direction

In line with our established policy of keeping the service of our watch repair department up to the highest possible level, we have recently added to our organization—

MR. F. A. HILDEBRAN,
In charge of Watch Repair for Brock and Company.

Mr. Hildebran has had twenty-five years experience in the jewelry business, the last ten years of which have been devoted entirely to watch repair. He is fully qualified, therefore, to deal with every repair problem coming to his department.

Mr. Hildebran is fortunate in having under his direction men who, besides being masters of their craft, appreciate fully his desire to give the promptest, as well as the most skillful service in their power.

Elizabeth Jordan's Column.
SALLY'S COLLEGE PROM

Elizabeth Jordan's Column. Sally's College Prom. A college girl very popular in her house on the campus, was the "Prom" she developed a bad case of tonsillitis and she was unable to attend the young court to secure the honor of the evening. She was so ill that she could not even get out of bed. Her only anxiety was whether Sally could get permission to attend the prom, which in its turn was dependent on her getting well.

Elizabeth Jordan's Column. Sally's College Prom. Sally's house was full of guests. Sally decided that she would not go to the prom. She was so ill that she could not even get out of bed. Her only anxiety was whether Sally could get permission to attend the prom, which in its turn was dependent on her getting well.

Of Interest to Women.

WOMEN'S WORK, WOMEN'S CLUBS

The Lincoln Study Club
To the roll call of the Lincoln Study Club, meeting at the home of Mrs. Homer Spier, 451 South Windsor Boulevard tomorrow, members will answer with descriptions of furnishings of the Queen Anne period. Mrs. C. M. Beebe will give "England from 1714 to 1820," and Mrs. W. B. Clauson, "The Reign of George IV and William IV." The round table will include discussions of "The South Sea Company," "William Pitt," "Robert Clive" and "Current events." Miss Fannie Kendig will lead in the English lessons. Mrs. C. M. Beebe is president.

El Camino Real Chapter, D.A.R.
Sketches of Women of the Mayflower, by Mrs. James Laemmle, and a history of "El Camino Real in California," by Mrs. Edith Wright Davis, will be given at the meeting of the El Camino Real Chapter, Daughters of the American Revolution, of Hollywood, in the Hollywood Library on Thursday at 2 p.m. To add a Spanish atmosphere Miss Rebekah Laemmle will give a Spanish dance in costume, accompanied by Mrs. F. D. Webster at the piano and Miss Ann Webster on the violin. The latter will also contribute a violin solo to the program. Mrs. Belle Waldron Kinsey is Regent of the chapter.

Manchester-Avenue P.T.A.
A program is being arranged by L. D. McGahan for "father's night" Thursday at the Manchester-Avenue P.T.A. An invitation not only to members, but to all interested in the schools in the neighborhood, is extended.

W.C.T.U. Officers Elected
The Los Angeles City Federation W.C.T.U., at the annual meeting Wednesday, elected the following officers to serve for the following year: President, Mrs. A. L. Simmons; vice-president, Mrs. J. W. Gleason; corresponding secretary, Mrs. E. A. Upham; recording secretary, Mrs. Bertha Brinkner; treasurer, Miss Mary McCarlie; publicity chairman, Miss Adda Burch; auditors, Mrs. Annie McGee and Dr. M. L. Hutchins; and parliamentarian, Mrs. J. W. Gleason.

The local union of Los Angeles on the following day at its annual meeting elected: President, Dr. M. L. Hutchins; vice-president, Mrs. Mattie M. Doughty; corresponding secretary, Mrs. Birdie M. Johnson; recording secretary, Miss Adda Burch; assistant, Mrs. Bettie T. Sloan; treasurer, Mrs. R. D. Jones; assistant, Miss Esther J. Dool. The annual county convention will be conducted in Long Beach in April.

Soroptimist Club
Mrs. Madge Connel, funeral director, will speak on "The Inspiration and Good Derived from Our Club" at the luncheon of the Soroptimists at the Biltmore today at noon. There will be a call and Elizabeth Bowman Tomlinson, the secretary, urges: "Let's all answer present." Mrs. Sadie A. Lyon, captain of the membership drive, will direct, and Dr. Della H. Hubbard will give a brief history of the organization of the Soroptimists.

Speakers Secured
Los Angeles artistically viewed will be discussed by Robert Vonbach, artist of national reputation. E. Romeo Shrader, president of the California Art Club, and Jack Wilkins Smith, one of the most gifted and successful of the western landscape painters. These five-minute talks will be followed by a general discussion.

NEGLECTED IN HOMES
"Too many of our artists are painting now for the eastern market. Too many fine homes are built without consideration for the placing of fine paintings and statuary." "Art has its place in commercial life. Creations, to be successful, must be distinctive. This is equally true of advertising and other display. The artists form an essential part of our community, and we have not to date given them proper recognition."

Those in charge of Wednesday's luncheon hope that it may mark the beginning of an association composed of representatives of the local civic and commercial bodies for the purpose of working for a better Los Angeles along cultural and artistic lines. This will apply to streets, parks, buildings and municipal decoration generally.

CHILDREN CARED FOR
Custody Given to Grand-Parents Pending Divorce Suit
After investigation by a probation officer, the two children of John A. Glenn and Pearl Glenn were placed in the care of Mrs. Glenn's mother, Mrs. A. W. Hennon, 168 South Chester street, Pasadena, pending the divorce suit of their parents, by Judge Summerfield yesterday. At a hearing last week each parent accused the other of being unfit to take care of the children, and the court withheld decision until the probation department reported.

SALESMAN'S RIGHTS FIXED

Labor Commissioner Says Closer of Deal Gets All of Share on Items Not Handled by First

Book Review Today
Today, at the meeting of the Averill Study Club at the club rooms, 424 North Western avenue, Mrs. S. G. Nordstrom will give a review of "My Garden of Memory," by Kate Douglas Wiggin. Miss Elizabeth Wheeler will have charge of the program and music will be given by students from the State University. Mrs. John Badger and Mrs. Emma L. Jones were hostesses at the last meeting, when Mrs. Charles A. Silk and Mrs. G. Edward Averill, dressed as little girls, entertained with piano duets and assisted the hostesses in serving. Mrs. M. A. Allen was chairman of hostesses.

BOUGHT LATER
Speaks said that he originally approached a Mr. Estelle to sell him burial lots. The deal, however, was not closed at that time. Later the customer, after visiting the property alone, completed the purchase of the land with the company's organization manager. At this time Estelle is said to have decided to purchase another portion of the property for a relative through a power attorney he had. The organization manager also closed this deal.

FINDS NO CAUSE
Speaks contended before the Labor Commission that as he "broke the ice" for the first sale and for which he was paid a commission, although the organization manager completed the deal, he was also entitled to the commission on the second sale. Deputy Commissioner Barker dismissed the case, holding that Speaks had established no cause against the company as his original efforts toward the customer.

TO HEAR PROTESTS
Pico Street Association Fighting Bus Lane Permit
Protests will be heard today by the Board of Public Utilities against the proposal to grant the Pacific Electric a permit to operate a bus lane from the end of the car line on Pico street to Santa Monica.

HOTEL GUEST SUES
Declaring her limbs and feet were severely burned when a waiter in the Biltmore dining-room overturned upon her a receptacle containing hot coffee, November 24, 1923, Miss Lura Crouch yesterday brought suit against the Los Angeles Biltmore Company for \$2650 asserted damages. Miss Crouch also charged her evening gown and other apparel were stained and ruined by the coffee.

PAIR ARE CHARGED ON TWO ROBBERY COUNTS
FIRST DEGREE ACCUSATIONS FILED AGAINST BANK HOLD-UP SUSPECTS
Edward H. Kay and Frank Buck were accused of two counts of first-degree robbery yesterday in complaints issued by Dep. Dist. Atty. Vohsday. It is charged in the first count that they held up and robbed Robert H. Hanna, assistant cashier, and Helen Elliot, book-keeper, of the Rivers State Bank at Rivera, of more than \$3000.

The second count charges that they robbed Oscar Spohnheim, cashier, and Pauline Peters, book-keeper of the Bank of Santa Fe Springs at Los Nietos, of \$392 recently.

STUDY CITY'S ART NEED
Commercial Board Luncheon to Discuss Its Relation to Business Life of Los Angeles

The Commercial Board of Los Angeles, in its varying relations to the commercial and industrial life of the city, will be discussed at a luncheon arranged by the Commercial Board of Los Angeles at the Biltmore Wednesday noon. The luncheon is being given for the purpose of discussing the art needs of the city and the business life of the community.

How practical men are making profits—
FARM AND TRACTOR MAGAZINE
OF THE LOS ANGELES SUNDAY TIMES

The Vast California you haven't seen

Now you are in California! The beauties of the Golden State have begun to unfold themselves before you. You must see the bewilderingly lovely orange groves, the garden cities, and the beautiful coast counties of southern California.

Then you will want to travel northward, where scenic wonders will continue to give you delight. You will travel through broad, fertile valleys lined by humping hills and mountains. You will see live oak trees dotting the rolling country with intriguing verdancy. You will pass into plum and apricot country where springtime is a world of blossoms and fragrance.

You will come to the Big Tree forests, where the greatest trees in the world will awe and thrill you. You can pace the forest floor, carpeted with scented leaves and splashes of sunlight, hundreds of feet beneath its vaulted, living ceiling.

You can see the Monterey Peninsula where live more illustrious authors and artists than in any other locality. You can be inspired by the same gripping sweeps of bays and ocean that inspire them. You can motor over scenic drives pronounced by traveled people the most wondrous in the world. You will pass through the peninsula cities, thriving suburbs of San Francisco. Their cleanliness

and their pretty streets will win you. The charm of their winsome homes and flowered yards will please you—here are decidedly livable places.

Finally you will reach San Francisco—sweetheart city of the world. Traveled people never fail to love San Francisco—cosmopolitan and metropolitan, yet always hospitable and kindly to the newcomer. San Francisco's famous Chinatown is a charming bit of the Orient. The Latin quarter is reminiscent of old Italy. And there are more. But with all her variety, with all her diversity of attractions, San Francisco has a remarkable spirit of oneness and individuality that compels affectionate admiration.

Visit San Francisco. You'll find the hotels and apartments of San Francisco as comfortable and numerous as tradition would have them. You'll find the street flower stands, the rollicking hills, the smug, busy, little cable cars—all the details, retaining their California and San Francisco distinction. You will like San Francisco.

Call on Californians Inc.—a non-profit organization of individuals and institutions interested in disseminating authoritative information about the state.

Very truly yours,

PRACTICAL RECIPES

Helps for Epicures and All Who Appreciate Good Cooking

(Note—This department is conducted for the benefit of readers of The Times in the hope that the information herein contained will help to perfect technique in the home. Advertising considerations have no weight in determining the choice of this matter and no fee publicity is given to anyone who wishes to have his name or product advertised in this department. The Times is not responsible for the results of any recipe given in this department.)

BY CHEF A. L. WYMAN, M.C.A. GAUFRE, FLEMISH T. N. F. Pasadena, asks that we give a recipe for a waffle that is made in Paris and is light and feathery.

These waffles are called "gaufre," and to make them properly one should have the gaufre iron. These irons have long handles. The plates are about two and a half or three inches in diameter. The irons are first heated over a clear fire, opened, well rubbed with clarified butter, one side filled with batter, the iron closed and the gaufre is baked about four minutes on each side. To make the batter beat the yolks of six eggs and beat into them four cups of sifted pastry flour sifted with one quarter of a teaspoon of salt; beat in two and a quarter cups of rich milk, half a cup of soft butter and one sixth of a cake of yeast dissolved in two teaspoons of warm water, beat six minutes and stand in warm place for forty-five minutes; beat

the stiffly beaten whites of six eggs, one teaspoon of lemon extract and two teaspoons of vanilla extract. In Paris they are flavored with brandy.

GAUFRE, PARISIENNE Sift two cups of sifted flour with half a cup of sugar and one quarter of a teaspoon of salt; beat in two well-beaten yolks of three eggs, two tablespoons of melted butter, the stiffly beaten whites of three eggs, one teaspoon of orange extract and enough Baking Soda and when done roll around a small wooden roller and set in a cool oven until served.

GAUFRE WITHOUT IRON Clarify four tablespoons of fresh butter and mix with one cup of sifted granulated sugar, two cups of sifted pastry flour, the well-beaten yolks of four eggs, the stiffly beaten whites of four eggs, a few grains of salt and one eighth of a teaspoon of nutmeg. Beat five minutes. Drop in rounds the size of the top of a wine glass onto a well-buttered baking sheet and bake in fast oven. When baked, curl around a small roller and dry in a cool oven. Dust with powdered sugar and serve hot.

RICE PUDDING M. E. W. Lankershim, says that her family likes boiled rice and she wants a recipe for rice pudding made with the left-over cold rice. Boil cold water over two cups of cold boiled rice and stir with a fork until all of the kernels are separated; turn onto a stove and let it simmer. Boil for two hours, adding dish and dust with granulated sugar; place half of the rice in the dish and sprinkle over five tablespoons of seedless raisins. Scald one and a half cups of milk and cool. Beat two eggs and gradually add to them half a cup of sugar, one teaspoon of salt and one eighth of a teaspoon of grated lemon rind and the cooled milk. Cover the raisins with the balance of the rice, strain over the milk mixture, set in pan of boiling water, bake the top with cinnamon and dust in a slow oven until firm in the center. Serve with lemon sauce.

CODFISH CAKES T. M. L. Los Angeles, wants a recipe for a tasty codfish cake or ball. Soak one pound of codfish overnight, change the water three times; remove all skin and bones and shred fine; place in a sauce, add twice the amount of peeled and diced potatoes, cover with water, bring to a boil and cook until the potatoes are soft; drain, place in a bowl and mash well with a wooden potato masher; add one egg and two egg yolks; mix well and, if liked, add two tablespoons of minced onion and one tablespoon of minced onion; mix well and add one cup of bread crumbs and a dash of salt; form in balls two inches in diameter, roll in flour, dip in egg and fry in hot butter. Serve with cream sauce.

APPLE SAUCE CAKE Q. S. E. Los Angeles, requests recipe for apple sauce cake and shiny pie pastry. For the apple sauce cake beat to a cream half a cup of butter and gradually beat into it one cup of sugar; beat until smooth and creamy and beat in one cup of smooth apple sauce and two cups of sifted flour sifted with half a teaspoon of soda, two teaspoons of baking powder, one and a half teaspoons of cinnamon, one teaspoon of nutmeg and half a teaspoon of cloves; beat three minutes; add one cup of seedless raisins and bake in a moderate oven in muffin pans, layer cake tins or a loaf cake tin.

PASTRY Sift two cups of sifted flour with half a teaspoon of salt and add a teaspoon of baking powder; chop into the flour two-thirds of a cup of cold lard and when the mixture is like coarse meal mix to a smooth dough with about one-third of a cup of cold water; roll out on a floured board, fold in three layers, roll out, fold in three layers and place in the ice box for four hours. Use two-thirds of the pastry for the bottom of the pie and one-third for the top. To make shiny, brush the top with the yolk of one egg beaten with one tablespoon of water and a few grains of salt or sprinkle lightly with sugar.

ORANGE CHOCOLATE SLICES Peel and break into segments half a dozen oranges, carefully remove all the white skin so as not to break the slices and let out any of the juice. Place one square of grated chocolate in a saucepan with one and a half cups of sifted sugar and one cup of water; boil three minutes and beat slowly into the stiffly beaten whites of four eggs and beat until thick and cold. Dip the orange pieces into chocolate, thoroughly cover, lay on sheets of wax paper to harden and drain.

LITCHI SALAD D. G. Los Angeles, wants to know if the Chinese litchi nut can be used in salads, and wants to know how to chocolate cover orange slices. To make litchi nut salad remove the shells from the nuts, take out the seeds and break the meat in coarse pieces; to two cups of the litchi nut meats add three-quarters of a cup of diced tender celery, one heart of white lettuce broken in shreds and half a cup of lemon mayonnaise. Mound on cold lettuce covered plates and garnish with orange slices cut in quarters.

CUBAN STRING BEANS W. H. L. Hollywood, asks that we give directions for cooking string beans Cuban style. Remove the strings and break in pieces four cups of young string beans and one cup of onion; boil until tender; drain well and stir into two tablespoons of butter, one teaspoon of chopped parsley, four tablespoons of finely chopped onion, one chopped pimiento, half a cup of dried finely chopped bacon, a grate of nutmeg and the juice of one sour orange. Place in a baking dish, dust with paprika, cover lightly with bread crumbs and brown in the oven.

GAS KILLS NEGRO Gas escaping from a leaky jet yesterday killed Henry Thornton, 45 years of age, a negro, and almost asphyxiated his niece, Anna Dent, 9. Both were found at their home, 5210 Holmes avenue. The girl was revived at the Receiving Hospital but is in a critical condition. Thornton was dead when found.

HEN SHEDS FOR HOMES REPORTED

Inquiry Into Housing in Happy Valley District Being Made

Reports that chicken sheds and dilapidated barns were being used as homes in the Happy Valley district at Los Angeles Harbor caused Herbert Koenig of the State Bureau of Housing and Sanitation to open an investigation into housing conditions in that section yesterday.

F. W. Swager, chief housing inspector of the bureau, declared that he had been informed that sanitation conditions at Happy Valley constituted a menace to the entire community and that as many as three families were living in two or three-room homes designed for one family. The situation was brought to the bureau's attention, he said, by teachers carrying on Americanization work in the district.

He indicated that many of these houses will probably be condemned as a result of the present investigation, and the families occupying them forced to vacate. A move is on foot by the Chamber of Commerce at the harbor to open a new subdivision in the district and erect a large number of small homes which can be rented out or sold at nominal prices, the official said.

DRY-ICE BREAKER JAILED Federal Judge Bledsoe yesterday sentenced Pete Calles to serve one year in the Orange County Jail on a charge of violating the Volstead Act. He fined Theodore Papagian \$250 on the same charge. The two, formerly proprietors of the Louvre Cafe on East Fourth street, were convicted recently by a jury in Judge Bledsoe's court.

KILLER OF HUSBAND IN SWOON

Leila Rogers Faints in Court Under Grilling; Case to Jury Today

The case of Leila Rogers, on trial in Judge Hahn's court for the murder of her husband, William Rogers, will go to the jury today. The case was concluded last night with the final arguments to the jury by opposing counsel.

Mrs. Rogers was the last witness yesterday. Under a vigorous cross-examination by Dep. Dist. Atty. Ostrom she broke down and fainted. The trial was halted and she was taken to the judge's chambers and revived.

The woman described in detail the events leading up to the killing on the night of January 15 last. She said she and her husband had been quarreling for weeks before the shooting, and that he had wrongly accused her of numerous misdeeds.

He also threatened to kill her on several occasions, she said. On the night of the killing, Mrs. Rogers testified, she came home to find her husband in an ugly mood. Frightened, she said, she took her revolver from a bureau drawer and placed it under her pillow.

Then, she asserted, her husband began to berate her. He made a motion to draw his revolver, she said, and, fearing he would carry out his threat to kill her, she pulled her own gun from under her pillow and fired, killing him.

ART OBJECTS ON EXHIBIT Art objects and jewelry made by members of the Crafts Study Club have been placed on exhibition in the Horlocker Studio at 1421 West Seventh street. The exhibit, which will remain open all week, is open

THERE are food qualities in milk which you are not acquainted with if you have never used—

ARDEN Dairy Milk

This isn't simply milk, but scientifically produced food—designed to build and reinforce physical and mental well being.

It is produced under the strict supervision of the Milk Commission of the Los Angeles Medical Association. This strict care in methods of production, gives it rich flavor and great ease of digestion. Read what a leading authority says:

"Certified Holstein Milk Most Perfect of All Milks"

Dr. Thomas M. Rotch, M.D.

Professor of Pediatrics at Harvard University and world's recognized authority on infant feeding, says: "From the medical point of view the Holstein milk is exactly what we find best for infant feeding. The Holstein cow represents the most perfect milking animal known, having every characteristic suitable for baby's milk supply."

Yes, and Dr. Chapman, of the Babies' Ward, Postgraduate Hospital, New York, speaking of high butter fat in other than Holstein Cows' milk says: "The use of milk of their grade of richness is likely to be followed by digestive disturbances when fed to infants, both by reason of Excessive Caloric Value and formation of large fat containing curds."

For eighteen years Arden Dairy has incessantly studied and investigated every factor and condition entering into the production of absolutely the most wholesome and purest of milk. As a result from this exhaustive study, they not only exercise the utmost care in producing their milk under sanitary conditions, but they are discarding all cows with the exception of the Holstein, which milk most of the best and most celebrated physicians and dietitians throughout the world recommend as best not only for infant feeding, but for growing children, invalids, convalescents, and the whole family.

Better Than Homemade

There are any number of reasons why you should feel that the chef of the household is the best chef. First, the chef of the household is the one who knows the tastes of his family. Second, the chef of the household is the one who has the time to prepare the food. Third, the chef of the household is the one who has the skill to prepare the food. Fourth, the chef of the household is the one who has the money to prepare the food. Fifth, the chef of the household is the one who has the health to prepare the food. Sixth, the chef of the household is the one who has the energy to prepare the food. Seventh, the chef of the household is the one who has the patience to prepare the food. Eighth, the chef of the household is the one who has the love to prepare the food. Ninth, the chef of the household is the one who has the respect to prepare the food. Tenth, the chef of the household is the one who has the honor to prepare the food. Eleventh, the chef of the household is the one who has the glory to prepare the food. Twelfth, the chef of the household is the one who has the fame to prepare the food. Thirteenth, the chef of the household is the one who has the power to prepare the food. Fourteenth, the chef of the household is the one who has the influence to prepare the food. Fifteenth, the chef of the household is the one who has the authority to prepare the food. Sixteenth, the chef of the household is the one who has the jurisdiction to prepare the food. Seventeenth, the chef of the household is the one who has the dominion to prepare the food. Eighteenth, the chef of the household is the one who has the sovereignty to prepare the food. Nineteenth, the chef of the household is the one who has the supremacy to prepare the food. Twentieth, the chef of the household is the one who has the pre-eminence to prepare the food. Twenty-first, the chef of the household is the one who has the superiority to prepare the food. Twenty-second, the chef of the household is the one who has the excellence to prepare the food. Twenty-third, the chef of the household is the one who has the perfection to prepare the food. FINGER PRINTS CLEW IN THEFT

May Reveal Gem Robbers of Robbins Company

Plunder Value is Placed at \$40,000 by Owners

Rings and Clothing Taken; \$8000 Cash Overlooked

Finger prints left by a burglar or burglars will identify, the police believe, the intruders who removed jewelry and clothing valued at \$40,000 from the top-floor store of the Robbins Jewelry Company, 841 South Broadway, early yesterday, without setting off the burglar alarm with which the place was protected. Six hundred diamond rings and a truckload of men's and women's clothing constituted the plunder, according to the manager, M. S. Robbins.

Detective Lieutenant Evans, who investigated the burglary and discovered the finger prints, believes the thieves climbed the fire escape of the Majestic Theater and gained the roof of the adjoining building. They then cut a hole through the roof, which let them into a compartment on the mezzanine floor of the store, and from this cut another hole which let them down to the main floor.

Apparently they were well acquainted with the layout of the store, for both holes were directly above tables onto which the intruders dropped. They overlooked, however, \$8000 in cash and \$6000 worth of watches which were in an unlocked safe.

CONVICTED OF ATTACK

Tony Trojanovich was found guilty by a jury yesterday in Judge Shenk's court of a charge of attacking a young girl on May 25, 1923. The defendant will be arraigned Thursday for sentence.

CHEF WYMAN'S Suggestions For TOMORROW'S MENU

Breakfast
Sliced Pineapple
Scrambled Eggs With Ham
Toasted Milk
Coffee

Luncheon
Spaghetti Spanish
Watercress and Apple Salad
Raisin Custard Pie
Milk
Tea

Dinner
Consomme with Vegetables
Olives
Calves Tongue
Pickled Sauce
Green Peas
Parsnip Cakes
Waffles
Maple Pudding
Milk
Coffee

SPAGHETTI SPANISH
Add one pound of spaghetti to a pot of boiling salted water to which has been added two tablespoons of butter and one small onion stuck with two whole cloves; boil twenty minutes or until the spaghetti is tender; place the spaghetti in a colander, drain gold water through it and drain well. Heat two tablespoons of olive oil and one tablespoon of butter in a sauce pan, add one finely chopped onion, one chopped clove of garlic, half a crushed bay leaf and two branches of parsley; stir and cook until the onion is lightly browned; add one chopped pimento, one chopped sweet green pepper and three cups of cooked or canned tomatoes; stir and cook forty minutes; add the drained spaghetti and half a cup of grated Italian cheese; heat, season with salt, paprika and two tablespoons of chili powder dissolved in four tablespoons of water; pour into a hot serving dish and serve with a dish of grated cheese.

RAISIN CUSTARD PIE
Beat three eggs and slowly beat

into them four tablespoons of sugar, one-quarter of a teaspoon of nutmeg, one teaspoon of grated lemon rind, two tablespoons of orange juice and one and three-quarters of a cup of milk. Mix well and add one and a half cups of seedless raisins; pour into a pastry-lined pie tin and bake in a moderate oven forty minutes.

CALVES TONGUES
Place in a saucepan six cleaned calves' tongues, add one sliced carrot, one bay leaf, one onion stuck with eight whole cloves, three stalks of celery, two branches of parsley, one teaspoon of salt and enough boiling water to cover; bring to a boil and simmer until the tongues are tender; remove the tongues, trim the roots and take off the skin; split the tongues in half lengthwise and reheat in pickle sauce; serve on a hot platter and garnish with ripe olives and branches of parsley.

PICKLE SAUCE
Heat four tablespoons of butter in a saucepan, add five tablespoons of flour, stir until smooth and stir in gradually two cups of hot milk and two cups of the strained tongue stock; stir and cook until thick and smooth; add three-quarters of a cup of chopped sour pickles, two tablespoons of capers and a seasoning of salt and Cayenne pepper.

WALFISH SALAD
For each portion place a slice of drained canned pineapple on a bed of shredded lettuce, cover this with a slice of peeled tomato, on the tomato spread a tablespoon of mayonnaise and sprinkle over all paprika and finely chopped fresh mint leaves.

Brannon Trial on Two Counts Set for April

The trial of Barney Brannon on charges of murder and assault yesterday was set by Judge Reese for April 22. Brannon will be given an opportunity to make a statement on the two charges of murdering his sister-in-law, Margaret Cronin, and of shooting his wife Helen.

Brannon was indicted by the grand jury last week for the shooting which took place on the 8th inst. According to information given the grand jury, it was the result of a bitter quarrel.

The two charges were divided yesterday when Brannon's attorney, S. S. Hahn, pointed out that Hahn, Brannon might testify against her husband in the assault charge, but legally could not do so in the murder trial.

PATROLMAN RESIGNS

William D. Muller, emergency patrolman at Los Angeles Harbor, resigned yesterday at the request of Capt. Hagenbaugh, who declared he had found Muller at a night telephone booth on Wilshire Boulevard, from where he was in contact with a woman, the captain declared, saying he was on his beat and that all was quiet. The captain had him followed.

What Our Little Friends Think of Us

Polytechnic High School Girls Write of Their Visit to Sam Seelig Company Warehouse

February 28th, 135 girls of the cooking classes of Polytechnic High School were shown through the six-story warehouse of the Sam Seelig Company, located at Vernon and Alameda streets. They saw how we handled their food and what pains we took to do it efficiently and with due regard to its character as a food product.

Here are a few of the comments, selected at random from the compositions the girls wrote for their class the next day:

Toni Krumpholtz: "I saw Mr. Seelig's office and had the honor of meeting Mr. Sam Seelig, president of the company. He told us that a man is what he is by what he eats, and that it is his duty to supply the family with wholesome food at the proper price and in the proper way. We appreciated that such a busy man would spare time to speak to school girls."

Hjardia Kittle: "My first impression of Sam Seelig's warehouse was its cleanliness. I have visited a number of factories, but have found none so clean and orderly as this place."

Elizabeth Crawford: "We had the honor of meeting Mr. Seelig, a very pleasant gentleman, who told us many interesting things about his business. We also met Mr. Siegfried, tea buyer, who was just preparing to leave for Japan to buy tea for the Seelig company."

Dorothy Ryan: "When we arrived we found a much larger building than we expected to find. We visited a building away from the main warehouse where broken packages and goods that had spoiled were sent to be disposed of, so that nothing remained in perfect condition with the other foods. We also found that all the empty burlap bags were sorted and saved to be later sold, so that the warehouse might be passed on to the consumer in lower prices for groceries."

Meryl Miller: "The offices are sunny and well ventilated. The employees seem to enjoy their work. The cafeteria is perfectly clean and well operated."

Ruth Lunn: "Mr. Seelig told us that he now does more business in one week than he formerly did in a year when he had only one store."

Dorothy Jacobs: "Mr. Seelig said he was working on plans to bring butter from the Hanford region, 150 miles north of Los Angeles, down by truck in order to save 14 hours over railroad time between the time of churning and the time of its arrival here."

Rosie Alcott: "Mr. Seelig told us about his first store at Pico and Figueroa streets, and how he worked his business up until this warehouse was necessary. He said they sold over a million dollars' worth of groceries every month, and also sold a half million pounds of chicken feed a month, which shows there are quite a few chickens."

Norma Heaton: "They sell four tons of Oak Leaf Butter every day, and it comes fresh from the creamery three times a week. We went to the dining-room and were served Golden-Ripe Prunes, soaked 36 hours in cold water, without sweetening, and they were delicious. These prunes are dehydrated, which means taking the excess water from the ripe fruit so they will keep, and therefore are more tender."

Edna Snyder: "What impressed me was the wide scope of the business from which they received food products—olive oil from Italy, packed for them; sugar from Norway; tea from Japan, and food from many States of the Union."

Alice Tenneson: "Because they buy products in such large quantities is why we can get everything they sell a little cheaper; and because they operate their stores efficiently, waste nothing, we get the benefit in better prices."

Laura Dougherty: "Everything is in perfect order. The customer may be sure of absolute cleanliness."

Lelia Jones: "They send each store small lots of what they require, and do this often in the re-packing department, so that those stores not selling large quantities may always be sure to have fresh, new goods."

LANZIT IS HELD BY COURT

During Hearing, Dynamite Sticks Are Waxed About in Evidence, to the Terror of Spectators

Joseph J. Lanzit was held to answer to the Superior Court by Justice Scott yesterday on the charge of having attempted to kill his wife, Mrs. Josephine Lanzit; her brother, Edward Reutter, and Mrs. Lanzit's mother, Mrs. Dorothy Reutter. Justice Scott refused to release Lanzit from \$25,000 bail, and indicated that it might be raised.

Testimony in the preliminary hearing was concluded after two sessions of court yesterday in which the three sticks of dynamite in the lunch-box bomb which Lanzit is declared to have planned to use to kill his wife and her relatives were the most interesting evidence in court. The court, the spectators and all the spectators were centered on the explosive, particularly during the testimony of Deputy Sheriff Morrissey, one of the arresting officers, and an explosive expert.

SPECTATORS IN TERROR

In describing the arrangement of the infernal machine Deputy Morrissey testified that he had two sticks of the explosive, until Justice Scott admonished him to put the bomb back in the box. Later, when Defense Counsel Cooper pressed him as to the exact quality of the dynamite, he drew his pocket knife and sliced a stick, while spectators sat in terror.

Mr. Morrissey recounted over-hearing the conversation in a hotel room between Lanzit and Frederick Tate, the Canadian veteran, who, it is asserted, Lanzit hired to fix the bomb.

Dep. Dist. Atty. Ey, to whom the case was reported, was called to the stand as a defense witness and related the method in which the trip was laid whereby Lanzit was arrested. He said he hid behind his wife's barbers' cafe on Washington Boulevard.

GUINIA FIG DIES

G. L. Walker, county chemist, stated that a guinea fig, a small, four days after having been fed some of the powder found on Lanzit's person. Mr. Walker said he had not completed his analysis of the powder. It had been testified to previously that Lanzit had attempted to poison his wife.

The contention of the defense was that there had been no attempt at a crime. The fact was, however, that the bomb was intended that the bomb should explode and kill his wife, Lucas, who prosecuted, relied upon the facts as introduced.

A defense of insanity is to be proposed when the case is tried before a jury, according to the statement of defense counsel.

RESERVE RECEIVERS SWORN

Admiral Rousseau and Pan-American Head Assume Duties Soon After Qualifying

Rear-Admiral Harry H. Rousseau of the United States Navy arrived in Los Angeles yesterday from Washington, D. C., and began his duties as a joint receiver of the Pan-American Petroleum Company's interests in the Elk Hills Naval Oil Reserve, the recovery of which is sought in injunction and receivership proceedings filed by the government last week before Judge Paul J. McCormick in the United States District Court.

Admiral Rousseau and J. Cramp-ton Anderson, president of the Pan-American Petroleum Company, also appointed as receiver, qualified on their bonds of \$50,000 each yesterday.

The formality of beginning the work of the receivership was brief. Admiral Rousseau and Mr. Anderson reported for duty to Judge McCormick who instructed them as to the work required of them in carrying out the terms of the temporary injunction whereby the court maintains the status quo of the oil reserve operations pending final settlement of the case.

Admiral Rousseau said he expects to remain in Los Angeles until final disposition of the proceedings which are directed to cancellation of the contract entered into between the Department of the Interior, under Secretary Fall, and the Doheny interests for the handling of the naval reserve oil in California.

The government brought its action to cancel the Doheny lease in this state and the Sinclair lease in the Teapot Dome reserve in Wyoming on the grounds that the leases were made illegally, without authority of law, and on the basis that there was corruption in their making. Joint receivers representing both the government and the defendants were appointed in each case.

HIT BY STREET CAR

Lloyd Scheidegger, an employee of the Huntington Park Herald, living at 133 North Avenue 57, suffered a possible skull fracture and other injuries yesterday when he was struck by a Pacific Electric car at Avenue 58, and Pasadena avenue. He was taken to Receiving Hospital.

HEIRESS WIFE GIVEN DIVORCE

Mrs. Westenberg Blames Parents-in-Law

Says Husband Wouldn't Give Her Separate Home

Mate is Part Owner of Store in Philadelphia

Mrs. Margaret L. Westenberg, heiress to the \$500,000 LaForty estate of Philadelphia, yesterday was awarded a divorce from William N. Westenberg, part owner and clerk in a shoe store in the Quaker City. The decree was issued by Superior Judge Erwin W. Owen, who took the case under advisement several days ago.

Mrs. Westenberg testified that her marital difficulties chiefly arose from the fact that her husband refused to provide her with a separate home. She said he required her to live in an apartment with her parents-in-law over the shoe store in which Westenberg worked. Her mother-in-law, she testified, insisted on interfering with her matrimonial and business affairs and made her life so miserable that she finally was forced to leave her husband. Westenberg also was declared to have treated the heiress cruelly and to

MAN HOLDS UP BANK AGENCY

Gets \$800 at United States National's Office in Eighth Street, After Making Threat

(Illustration on Picture Page)

A single bandit who may or may not have had a revolver in his right-hand coat pocket obtained \$800 yesterday at an agency of the United States National Bank at 220 East Eighth street. He approached the window of L. J. Meyers, assistant cashier, and shoved in a note which read:

"Hand over all the cash you've got. We have you covered inside and out. Be quick about it."

The man raised his coat pocket as to cover Meyers and Mrs. S. Houston, a book-keeper, with his presumably concealed weapon. Meyers obeyed the direction to be quick and shoved out a stack of

have caused several of Mrs. Westenberg's girlhood friends to forsake her.

Mrs. Westenberg testified she met Westenberg while she was attending a nurses' college in Philadelphia.

Westenberg, who was not present at the trial, entered a denial of the allegations and fought the case by means of depositions.

Mrs. Westenberg now is residing in Hollywood.

YOUNG WIFE BURNED

Mrs. Maria Blanco, 19 years of age, of 1108 Bentous street, suffered burns of head and hands yesterday when cleaning fluid she was using caught fire. She was treated at Receiving Hospital.

LOVE THEFT CHARGED TO MATE'S KIN

Mrs. Caroline Beggs Says Husband's Parents Stole Affection; Asks \$25,000

Charging her reputed well-to-do parents-in-law with stealing the love of her husband and inducing him to leave his wife and baby, Mrs. Caroline D. Beggs of Glendale yesterday filed suit against Charles W. Beggs, Jr., and Gertrude Beggs for \$25,000 asserted damages.

The husband is Charles R. Beggs, a son of the defendants, who reside in Pasadena. According to the complaint, the elder Beggs were displeased at their son's marriage and did "everything possible" to cause young Beggs to become disaffected with his mate.

The defendants were declared finally to have induced the husband to leave his wife and child the 17th inst., and to take up his residence at the home of the defendants. Mrs. Beggs stated the defendants persuaded her husband to lose his love for her by promising him money and a place to live "without working." The defendants also sought by subterfuge to induce the plaintiff to leave the state, the complaint stated. The action was prepared by Attorney L. G. Shelton.

FAMOUS SCULPTOR TO BE CLUB GUEST

An informal reception will be tendered Mrs. Julia Braeken Wendt, sculptor, at the meeting of the Women's Club of the University of Southern California tomorrow afternoon when several of her works of art will be on exhibition.

Mrs. R. B. Von Kleinsmid, president of the club, will preside at the business session which will be followed by a program of dramatic readings by Mrs. Harry Ringer and vocal solos by Miss Elizabeth Strubel, accompanied by Miss Alice Kins.

NAVY BASE REMAINS HERE

Harbor Assured as Home for Three Years; Fleet Returns for Gunnery Training in April

Operation plans of the United States Battle Fleet for the next three years, just completed by the Navy Department, provide for the retention of Los Angeles Harbor as the fleet's permanent base, it was disclosed in dispatches received here yesterday from Assistant Secretary of the Navy Roosevelt.

The fleet, now absent in the Caribbean Sea, will leave that area for this port on April 1, Mr. Roosevelt said.

The dreadnaughts, submarines, train force and auxiliaries will remain at Los Angeles Harbor for intensive gunnery training and squadron maneuvers until July 1, when the greater part of the fleet will proceed to San Francisco and Puget Sound, remaining in northern waters until October 1.

They will return then for fall gunnery training off Los Angeles Harbor and to prepare for the assembling at this port in January, 1925, of the entire United States fleet. Joint maneuvers of this combined fleet will be held off this port and in Hawaiian waters, running over a period of three months.

The battle fleet will be substantially augmented upon its return to the home base in April. The dreadnaughts Texas and New York, both coal burners, will be absent but to replace them will come here during the spring the new superdreadnaughts Colorado and West Virginia, both mounting sixteen-inch guns. An airplane carrier, two scout cruisers and a number of auxiliary craft will also be added to the fleet under Admiral Samuel S. Robison.

Passes Checks on Probation; Sent to Prison

Passing checks without sufficient funds seemed to have become a habit with Charles H. Puget, according to testimony yesterday in Judge Shenk's court. The court found the defendant guilty of violating his probation on a previous charge and ordered him sent to San Quentin for one to four years.

Puget, was granted probation on December 24, 1923, and the same day, it was charged, passed a check for \$7 to pay a 30-cent debt, and another for \$8 to buy an 80-cent box of candy. The original charge against the defendant was forgery of an indorsement to a check for \$12.50.

Karl W. Turner was also sentenced to San Quentin for from one to four years for forgery of the indorsements to checks for \$245 and \$105.50.

Fine Wilton Rugs Sharply Reduced

THE lowered prices at which Robinson's are offering these fine Wilton Rugs will make possible the pleasure of new floor coverings in many, many homes.

Their name is a recommendation sufficient in itself—standing as it does for quality of a very high sort, and for a beauty which may be traced to Oriental art for its source. For most of their patterns are faithful copies of well-known Oriental rug designs.

Included by Robinson's in these low priced groups will be: Worsteds Wiltons in size 9x12 at \$98.50.

Worsted Wiltons in size 8 1/2 x 10 1/2 at \$89.50.

Low Prices for Pequot Sheets and Cases

Robinson's offer Hemmed Pequot Sheets in the following sizes: 72x99 at \$1.75; 72x108 and 81x99 at \$1.95. And 81x108 at \$2.10.

And Pillow Cases in size 42x36 at 40c. Size 45x36 at 45c.

SECOND FLOOR

Sample Lengths of Draperies Exceptionally Low Priced

BECAUSE of their broken lengths, the prices of these Draperies are lowered to a point nothing short of remarkable.

Shoppers will find them as attractive in their beauty and high quality as in their low prices.

In lengths from 1 to 2 1/2 yards, and in widths from 27 to 50 inches—they are inclusive of such fine drapery fabrics as silk velvets, velours, damask, brocades, silks, linens and block print cretonnes.

In almost any wanted color.

All at much, much less than regular prices would be. Beginning at \$2.62 for a 3/4-yard length of block print, linen cretonne.

SIXTH FLOOR

New Arrivals in the Finer Imported Dinnerware

FROM the makers of the famous Rosenthal china come these new Dinnerware sets to Robinson's. The following patterns are exclusive to Robinson's, in Los Angeles:

"The Virginia" (sketched) is bordered by a scroll design in ivory and tan, broken at intervals by baskets of fruit. The edges and handles show a faint tracing of gold. Service for 6 priced at \$180.50.

"Richelieu" has a wide gold band enriched with a flower and scroll design in black. Service for 6 priced at \$130.85.

Other new and exclusive patterns are equally deserving of mention—and well worth seeing—now, in Robinson's House-hold Section.

SIXTH FLOOR

Solid Mahogany Spinet Desks Only \$49.50

SO materially reduced from their usual pricing are these Spinet Desks, that they form a shopping opportunity of first importance.

Of solid mahogany throughout—they embody the strength of construction and fineness of finish which one discovers in the better furniture.

And are of that dignity and beauty characteristic of the spinet type of desk.

In either antique or polished finish. Both greatly lowered in price. At \$49.50.

SIXTH FLOOR

And Mahogany Gateleg Tables Now \$39.50

ACCOMPANYING the Desks in their price lowerings are these splendidly made Gateleg Tables.

Also of solid mahogany—graceful in their Colonial design—convenient with their drop leaves. And large enough for the small dining room when the leaves are raised.

Apartment dwellers find them a delightful style suited to the small space and compact arrangement of their rooms.

Gateleg Tables as sketched, in antique or polished finish.

Priced now at only \$39.50.

SIXTH FLOOR

GLENDALE STATION TO BE OPENED

Program is Planned for Dedication of Southern Pacific Building

Opening of the new Southern Pacific station at Glendale Thursday evening will be celebrated by an elaborate program, according to the Chamber of Commerce at Glendale, which is in charge of the program.

The opening will be heralded by a concert by the municipal band of Glendale and community singing. T. H. Williams, assistant general manager of the Southern Pacific Company, will deliver an address presenting the station to Glendale, Hollywood, Pasadena and Eagle Rock City. Mayor Robinson of Glendale will accept the station on behalf of the people of that section. F. S. McGinnis, assistant passenger traffic manager, will deliver an address followed by T. B. Allen, president of the Pasadena Chamber of Commerce, and G. G. Greenwood, president of the Hollywood Chamber of Commerce.

The celebration also will mark the start by the Southern Pacific of the stopping of all trains through Glendale for the entraining and detraining of passengers to and from Glendale, Hollywood, Pasadena and Eagle Rock City, except the Daylight Limited which makes no stops between Los Angeles and San Francisco. This arrangement will avoid the necessity of travelers from this section going through the congested part of Los Angeles to board trains.

Jury Hears Suit Over Man Killed by Burning Gas

A jury in Judge Howitt's court yesterday began hearing evidence in the trial of the suit brought by Mrs. Elsie H. Pentland of Long Beach, and her minor son Gerald, for the recovery from the Long Beach Gasoline and Refining Company of \$50,230 damages which Mrs. Pentland asked for the death of her husband, Harvey R. Pentland.

According to Mrs. Pentland's complaint, her husband died of injuries he received while working on a gas main belonging to the defendant. He was said to be operating a welder's torch when a quantity of gas rushed down the main and ignited upon coming into contact with the flame. Pentland was declared to have been fatally burned in the blast.

Mrs. Pentland contends that her husband was a co-partner in the Signal Iron Works and not hired by the defendant. The refining company maintains that Pentland was in its employ at the time of the accident. If the company is successful in proving this point to the jury the case probably will be dismissed and the claim put before the State Industrial Accident Commission for adjudication. It was said. The company also asserted Pentland was negligent in not closing a valve leading into the main.

HOTEL NAMED AFTER EXPLORER OF UTAH

In memory of the first white man to reach Utah, Father Sylvester Velez de Escalante, will be honored when the Union Pacific opens its new tourist hotel at Cedar City, Utah, Saturday. The hotel will be named El Escalante. Fray Escalante started from Santa Fe in 1776 to blaze a route to Monterey but got no farther than the vicinity of what is now Cedar City.

ESTATE APPRAISED

Mrs. Mary E. Atterbury, widow of the late Benjamin F. Atterbury, who died here October 1, 1923, must pay an inheritance tax of \$2681, State Controller Riley announced yesterday. Mrs. Atterbury was the sole beneficiary of the estate which was appraised at \$102,472. A tax of \$1018 also will be collected on the estate of Myrtle Sohn, it was announced. Property of Miss Sohn, who died January 16, 1923, was valued at \$41,836 and was divided equally among two sisters and two brothers.

CREDIT MEN'S DINNER

W. H. Reid, manager of the Retail Credit Men's Association, has arranged to give the regular monthly dinner of the organization at the Rensselaire Cafe next Saturday night. Several matters of importance are scheduled to be discussed at the dinner.

U. S. Rubber Co. "Raynster" \$4.95

Made of fine black rubber. Absolutely rain-proof. Sizes 4 to 10 years. Hats to match 75c.

"Driboy" Tan Mackintoshes

Mystic Charm of The Orient Brought To Your Home In These Beautiful Rugs

Fascinating studies in design attractively portrayed in gorgeous colors that enrich and add interest to the room.

Every home can use a few Oriental rugs and especially at these special Month End Sale pricings.

Belouchistans

The wool, dye and texture of these rugs is of the very finest. They acquire a wonderful fascinating lustre with age. Differing in color and general effect from other Oriental rugs they are much in demand. Specials in the Month End Sale are

Average Size 3x5.6 \$29.00

Hamadans

Camel's hair in natural soft brown shades predominates in the fine durable weave of this rug.

Average Size 2.6x4.6 \$29.00

Irans, Average Size, 4.6x6.5 at \$110.00

"Iran" means "Persia." Designs are varied and possess wonderfully dark coloring. The wearing qualities of this rug are exceptionally good. Choice of a fine lot special at \$110.00.

Mosuls

The rich deep color tones and warm lustre of these rugs are rarely excelled even in the finest Persian pieces.

Average Size, 3.5x6.5 \$59.00

Saruks

Among modern Persians, there is no rug woven that will give better service. Especially suitable in places requiring hard usage.

Average Size, 3x5 \$124.50

Pasadena Furniture Co's Month End Sale

Having for its purpose the clearance of short lines and remainders of suites accumulated during the month, this sale offers an opportunity to secure merchandise of a highly desirable kind at much less than regular prices. All through our ten-floor stock will be found reductions which in some cases amount to as much as half the former price. Profits are foregone for the sake of quick disposal of these goods in the shortest possible time.

Free Drapery Making Offer

For the Month End Sale and to advertise the excellence of our drapery work we will make draperies without extra charge except on ruffled curtains, Austrian shades, cornices or lambrequins. All you pay for is the materials at our usual low prices.—Second Floor.

MRS. ACORD ASKS DIVORCE

Wife of Film Actor Names Louise-Lorraine in Suit Charging Desertion and Cruelty

(Illustration on Picture Page)
Louise Lorraine is named in a suit for divorce filed yesterday by Edna Mae Acord, wife of Arthur W. Acord, motion-picture celebrity. Mrs. Acord charges desertion, failure to provide and cruelty in her complaint, and asks temporary alimony of \$100 a week.
Declaring that he intended to desert her and that he had married her for money, she said that it was a mistake for a man to wed and still try to stay in "pictures."
Acord, while he lived with her at least, was of extremely bibulous habit, she declared. He would either come home drunk or fall to sleep home at all from five to ten successive nights, she says in her complaint.
An income of \$1000 a week is received by the actor, Mrs. Acord says, and she lists their community property as one trained horse and one Lincoln phantom. She is represented by Attorney Paul C. Hill and Frederick Hiron. The Acords were married July 12, 1920.
Attorney Hill said yesterday he understood Acord had been in South America producing pictures with his own company, but that the actor was in Los Angeles at present. None of Acord's friends could be found yesterday, who knew of his return to this country.
Darkey, trained motion-picture horse, was listed as community property by Mrs. Acord, who asks the court to protect her interests in him. The animal is valued at between \$800 and \$1000, according to Attorney Hill.
Officials at Universal studio declared him and seven children, and that he had brought Mrs. Julia Hewitt from Kansas City to Los Angeles. Judge James, in passing sentence, said the testimony of both Mrs. Acord and Mrs. Hewitt indicated they had not told the truth about their relations. According to the testimony of Mrs. Hewitt's husband, his wife deserted him and seven children when she left Kansas City with McCard. The evidence showed McCard left a wife and one child in Kansas City.

ROAD EXPERTS START TOUR

State Committee of Nine Head South as Factfinders for New System to Connect Highways

A committee of nine road experts left Los Angeles yesterday noon for San Diego on the first leg of a fact-finding tour of California highways, the results of which will serve as a basis for a new system of building project is to be financed.
The committee is headed by W. F. Nixon, secretary of the State Highway Commission. It includes State Senator Arthur H. Breed of Oakland, chairman; George D. Radcliffe, chairman of the State Board of Control; E. H. Morton, State highway engineer; A. H. Leder, secretary of the California Automobile Association; E. E. East, engineer for the Automobile Club of Southern California; Lewis Everding, member of the State Highway Commission; J. B. Gill of San Bernardino and Assemblyman Elmer O. Bromley of Los Angeles county and J. H. Newman of Yuba county.
The committee was created by the last Legislature for a detailed inspection of the highways of the State, with a view of eliminating all unnecessary road projects and expediting work on new roads which are of importance to the State. It will also work out a general program for a system of interlocking highways to cover California and recommend to the next Legislature and the Governor the manner in which this road-

STOCK FORGERY CHARGED

Accused of altering two certificates of stock in C. C. Julian unit, C. C. Ryer, a brakeman, was arrested yesterday by investigators Ramsey and Piroette of the District Attorney's office and was lodged in the County Jail. The complaint against Ryer, issued by Dept. Dist. Atty. Voharay charges forgery and asserts the accused made the certificates read ten shares instead of one.

LEAVENWORTH TERM IN MANN ACT CASE

Federal Judge James yesterday sentenced Orin J. McCart of Kansas City, to serve two and a half years at Leavenworth on a charge of violating the Mann Act. A jury convicted McCart last week on evidence that he had brought Mrs. Julia Hewitt from Kansas City to Los Angeles. Judge James, in passing sentence, said the testimony of both Mrs. Acord and Mrs. Hewitt indicated they had not told the truth about their relations. According to the testimony of Mrs. Hewitt's husband, his wife deserted him and seven children when she left Kansas City with McCard. The evidence showed McCard left a wife and one child in Kansas City.

TO OUTLINE PROGRAM

The committee was created by the last Legislature for a detailed inspection of the highways of the State, with a view of eliminating all unnecessary road projects and expediting work on new roads which are of importance to the State. It will also work out a general program for a system of interlocking highways to cover California and recommend to the next Legislature and the Governor the manner in which this road-

 2000 Thompson St. Var. 8

MARCH 25, 1924.—[PART II.] 17

This is a vertical, high-contrast, black and white image. It appears to be a close-up of a textured surface, possibly a book cover or a piece of paper. The left side shows a series of fine, parallel lines, suggesting a woven or ribbed texture. The right side is dominated by a dark, irregular shape that looks like a shadow or a piece of tape. The overall image is very dark and grainy, with a high level of contrast between the light and dark areas.

from the countries, and if confidence should flow
unimpeded between the govern-
ments and the people of the
nations. Without such
confidence there cannot be perman-
ent commercial or financial relations.
Mr. Warren said the United
States is desirous of a stable,
efficient government in Mexico,
and that the rights of American
citizens residing in Mexico
must be accorded according to inter-
national law. He hoped he saw
in both nations were now
and on an unbroken era of
peace and mutually helpful
relations, and he would attempt
to be the solution of the
problems so that the rights of
citizens of others might
be understood.

LAUDS CO-OPERATION

"When I came to Mexico
last year," said Mr. Warren, "it was
the purpose of negotiating the
resumption of diploma-
tic relations."

Do you know how to dial telephone numbers, beginning Sunday morning, March 30th?

If not, we invite you to see the metropolitan method of simplified telephone operation being demonstrated at our Business Office, 740 South Olive Street or at the Mercantile Arcade, Broadway near Sixth Street.

In addition to these demonstrations and others being given before schools, churches, clubs, lodges and various institutions, we are explaining the new method of machine switching (automatic) telephone operation through a series of announcements in the press, by personal calls upon our subscribers, the distribution of a pamphlet entitled "How to Use the Machine Switching Telephone" and the information pages of the red covered directory now being delivered.

Beginning SUNDAY MORNING, MARCH 30th, users of Machine
Switching Telephones:

Will dial the FIRST TWO letters of each central office name (shown in capitals in the red covered directory) followed by the four numerals.

Will no longer dial the "9" operator to obtain manual numbers under the new method effective March 30th.

Manual telephone users will place their calls with the operator as at present.

If any further information is desired, please telephone Faber 9060, or see the complete demonstration of the new method of operation as mentioned above.
